Benefits of Learning Languages

- Great for the brain! Multiple cognitive benefits
- Improves our first language understanding
- Expands cultural awareness/ understanding
- Great for navigating travel
- Strengthens overall academic achievement
- Strengthens job prospects later

These benefits can happen without becoming fluent in a second language

Additional Lesson Learned

- More **choices** for language learning is fun
- Blended learning approach can allow for flexibility with **pace** and **place** of learning
- Language Learning supports our **5Cs** and **Strategic Plan**
- Our SCSD community **values language** learning
- We have **many viewpoints** about language learning

Basic Definitions of Courses

- **Exploratory Course:** A course presented as a sampling of offerings. Emphasis is on exposure, which might lead to a more focused choice later.
- **General Elective Course:** A choice-based course, based on interest of the student. Not a required course.
- **Required Course:** A required course for all students.
