

Introduction:

LEA: San Carlos School District Contact (Name, Title, Email, Phone Number): Dr. Craig Baker, Superintendent, cbaker@scsdk8.org, 650-508-7333 LCAP Year: 2015-2016

Local Control and Accountability Plan and Annual Update Template

INTRODUCTION:

San Carlos School District is a high-achieving school district in San Mateo County on the San Francisco peninsula. We serve approximately 3,130 students grades TK-8. It is important to highlight that SCSDD is unique in that six of its eight schools are charter schools, five of those being dependent charters (Arundel, Brittan Acres, Heather, Tierra Linda and White Oaks), two public schools (Central and Arroyo-opening August, 2016) and one an independent charter (San Carlos Charter Learning Center). Charter Learning Center, as an independent charter, crafted an LCAP that aligned to their vision and goals as its own LEA and thus, will continue to submit its own LCAP to the county annually. As such, our LEA's LCAP is aligned to our District's Strategic Plan, as well as each school's site plans in combination with the district-wide and site-based stakeholders' feedback.

San Carlos School District (SCSD) Board of Trustees adopted a five-year Strategic Plan in June, 2013. This was an extensive process that engaged District staff and community members. A revised plan was Board approved on October 22, 2015. Our Strategic Plan is highlighted below, albeit briefly, to provide context for the reader. Please go to www.scsdk8.org for more details. While this revised plan is intended to serve as a guide for the District through 2020, it is also intended to be an evolving, living document. As such, it will be reviewed and updated annually, as warranted. Further, it is critical to note that this Strategic Plan along with ongoing engagement/collaboration with all of our stakeholders is the foundation for our LCAP development.

A Vision for Our Children

The San Carlos School District shall provide an innovative and engaging learning experience that fosters the development of the Whole Child to ensure all students are well prepared for success in the 21st Century, as evidenced by:

- *Reaching their highest academic, social, emotional, intellectual, and physical potential; and*
- *Becoming problem solvers, critical thinkers, risk-takers, designers, collaborators, and innovators; and*
- *Developing into contributing, empathic citizens and leaders who are responsible stewards of their world and care about equity and justice, both locally and worldwide.*

In order to expand and fulfill the Vision above, the District will continue to focus on the following high leverage goals:

- I. Align Curriculum and Instruction to a 21st Century Model of Learning*
- II. Align Human Capital to Support Staff as 21st Century Educators*
- III. Build Learning Environments for all SCSDD Schools that will Reflect, Support, and Sustain 21st Century Learners*

A major component of our Strategic Plan Goal I, "Align Curriculum and Instruction to a 21st Century Model of Learning," is our work on district wide development of deeper quality learning including assessment and integration of the 5 C's of 21st Century Learning (Critical Thinking, Collaboration, Communication, Creativity

and Civility) & Ownership of Learning, the whole child and development of rubrics that measure content knowledge, authenticity and levels of engagement. This has included an emphasis on professional development around the CCSS as well as tech-infused project-based learning, social emotional learning, the arts, health, wellness and sustainability. We began a three-year professional development series of Cohorts on Tech-Infused Project Based Learning beginning in 2013-2014. A total of 116 teachers have been trained to date but we will now need to add a Cohort 4 to train the remaining teachers in the 2016-2017 school year. We have worked collaboratively and in partnership with the San Mateo County Office of Education on professional development beginning last August, 2015 and throughout the 2015-2016 school year and it is our hope to continue with this partnership. We will continue to train our administrative team in ways to support staff and students including building in collaboration time and opportunities for teachers/learners to exhibit their deeper learning.

In our Strategic Plan Goal 2, "Align Human Capital to Support Staff as 21st Century Educators," we have continued our collaborative and co-teaching models, as well as positive behavior systems and intend to continue to refine this further in the 2016-2017 school year given our ongoing success in reduction of disciplinary incidents. In addition, our administrative and educator teams are working together to expand the professional growth opportunities for all of our educators. We piloted a new, multiple measure professional growth/evaluation system during the 2015-2016 school year with expanded personalized professional growth planning and increased collaboration time. In the 2016-2017 school year, we will launch this new Professional Growth and Evaluation model district-wide. We will reflect and revise this system in the Spring, 2017 based upon implementation successes, challenges and feedback. We will continue to use our district website as one source of communication for our parent community as well as to continue to offer Parent Information and Engagement (PIE) events to support learning/education of our parents around 21st century learning, project-based learning, 5C's/Habits of Mind, math, special education, etc. In addition, an audit was conducted by an independent consultant regarding district communications during this school year. Overall, the public perception of SCSD is a positive one. However, the audit noted a number of key areas that district leadership will want to consider when shaping a new communications plan for SCSD to enhance communication with with all stakeholder groups.

In our Strategic Plan Goal 3, "Build Learning Environments for all SCSD Schools that will Reflect, Support, and Sustain 21st Century Learners", the District Facility Master Plan (FMP) and updated 2015 Technology Plan remain pillars for future planning and pilots. This is inclusive of infrastructure and technology equipment but also the newly adopted technology scope and sequence. Further, this goal includes re-conceptualization of learning environments needed to be an exemplary setting conducive for learning in our future Pre-3, 4-5 and 6-8 school sites as well as blurring the lines of where and when learning occurs (at school, after school and through blended learning opportunities). As such, personalized learning will be a critical focus of our work in the upcoming years.

Lastly, current state base funding covers 70% of our annual budget. This total amount only covers 88% of our staffing costs with no financial resources available for other instructional and operating costs based upon on 2nd Interim Budget Report 2015-2016. The remainder of our operating budget is funded by a combination of monies from San Carlos Education Foundation (roughly \$2 million annually, Parcel Tax (\$2.2 million annually) and other grants (such as Sequoia Health Care \$425,800 in 2015-2016, etc.). In 2015-2016, according to the Minimum Proportionality Percentage (MPP), estimated supplementation and concentration grant funding was \$463,298 which is 2.11% to base funding. However, as a district, in order to maintain our programs supporting our students including English Learners, low socio-economically disadvantaged and foster youth/homeless students the district spent well over \$800,000.

Later in sections 2 and 3 of this LCAP document, you will find each of the 8 State Priorities addressed specifically. Below is a summary of each metric and identified areas of need (or lack thereof):

Priority 1: Basic

- A. Review of 2015-2016 credentialing data revealed that 100% of our teachers are properly assigned. Also, 100% of our teachers are fully credentialed in the subject areas they are teaching students. Further, 97.42% of our teachers are considered highly qualified per the CDE standards. For the few teachers (district-wide) who have not met this established standard, we are working with these staff individually on a plan to reach this standard and we anticipate our percentage to increase further prior to the next SARC report. Also, we have had no complaints filed in regards to teacher qualifications this past three school years. Thus, this is not identified as a high area of need for this LCAP. However, we will continue to implement and monitor so as to maintain our current levels in LCAP Goal #2.
- B. In regards to sufficiency of access to standards-aligned instructional materials, based upon staff feedback and review of Williams complaints (we have had one complaint this school year), this is also not an identified area of need for the LCAP. That said, we are continuing to work as a district to provide updated CCSS aligned resources to our staff. During the 2015-2016 school year, K-5 math committee adopted new math curriculum.
- C. Our school facilities are maintained in good repair and per review of School Facility Condition reports in the most recent SARCS, all facilities are in good to exemplary repair status. Having said that, given our substantial growth in enrollment, this LCAP will address instructional support, pedagogy, infrastructure and facilities as an identified need to support student learning.

Priority 2: Implementation of State Standards

- A. LCAP goal #2 will address implementation of the academic content and performance standards (including CCSS and NGSS) through assessment/progress monitoring, traditional and blended curricular resources as well through technology-infused project based learning. Goal #3 will also address the focus on supporting our Pre-3, 4-5 and 6-8 structures including personalized learning.
- B. LCAP goals #1, 2, and 3 will target how the programs and services will enable English learners to access the CCSS and ELD standards for purposes of gaining academic content knowledge and English proficiency.

Priority 3: Parental Involvement

Overall, all parents preschool-8th grade are provided with an opportunity to participate in district-wide surveys. Paper forms are available for those who cannot participate via internet and this includes duplicated and unduplicated students/families. LCAP Goals #1, 2, and 3 include engagement of our parental community.

- A. As documented in section 2, staff seeks input from all of its stakeholders at both a district (e.g. DELAC, Foster Youth Liaison, SCTA/CSEA, SEDAC, etc.) as well as at the site level (PTA, Site Council, staff meetings, leadership teams, ELAC, etc.). Included in our ELAC, DELAC, Site Councils, SEDAC are parent partners. While this is not considered an area of targeted need, it is embedded in the very culture of our LCAP process and so this collaboration will continue.
- B. As mentioned above, our parent input in regards to English Learners is gathered through site ELAC meetings and district DELAC meetings. In addition, we have a small English Learner committee that is working on targeted English Language Learner needs. As such, connecting with families of EL students is a sub-component of this work. Currently, we have a total of 6 foster youth in our district. While this is a relatively small and non-significant number statistically, we acknowledge that special care is still needed in working with these families. Given the low number, we are able to work closely with these families in coordination with our Foster Youth Liaison to identify district and community supports for these families. Additionally, for sites who have a foster student on their site, specific input is requested from these families as part of their site work. This is not identified as a key targeted need for our LCAP however, this support work will continue regardless and as such actions have been identified to continue our work for these students and their families. Lastly, we have a total of 197 socio-economically disadvantaged students including 9 homeless students. Again, we solicit input from these families through meetings and surveys.

C. During this school year, district staff continued to work with and solicit feedback from the Special Education District Advisory Committee (SEDAC) to better support students with exceptional needs. This committee's work launched the first Ability Awareness Week during the 2015-2016 school year and their continued feedback, including parent survey data, assisted the District to consider these specialized needs for students (and their families) within the greater community.

The reader will note that unlike last year's LCAP (which had a separate goal around parent engagement), in this LCAP, parent engagement will be addressed in the actions/services for each goal--not only to seek parental/guardian/community feedback but also as partners in educating all students under our philosophy of "educators broadly defined" (as outlined in our Strategic Plan).

Priority 4: Pupil Achievement

- A. Statewide assessments results will be included in our new Goal #2 as we assess student progress on CCSS.
- B. API will not be addressed in this LCAP because it is no longer a measure in California.
- C. The percentage of students who have successfully completed courses that satisfy UC and CSU requirements does not pertain to us as an elementary school district and thus will not be addressed.
- D. The percentage of EL students who have made progress on CELDT will be addressed in Goal #2.
- E. The District's English Learner re-classification rate will be included in Goal #2.
- F. The percentage of students who have passed the advanced placement examination score is not applicable to us as an elementary district and thus is not an identified need in this LCAP.
- G. The percentage of students who participate in and demonstrate college preparedness is also not applicable to us as an elementary district and thus is not an identified need in this LCAP.

Priority 5: Pupil Engagement

- A. Our district attendance rates as of the date of writing this LCAP is 96.7%. While this number is generally considered a strength, we as a district value strong school attendance and support efforts (including Big Lift) to improve attendance and establish strong school attendance patterns at an early age. While not a formal action, we have included this as a measure to monitor in Goal #1.
- B. We conducted a deeper analysis of our absenteeism which revealed a chronic absentee rate of 4.75%. We have identified the need to continue to address this for a small, select group of students/families through our SARB/SART process and thus, this will be included in Goal #1.
- C. Our middle school drop out rate is 0%. Thus, this is not an area of need and we will not target this specifically in this LCAP.
- D. High School Drop out rates do not pertain to our district as we are an elementary school district.
- E. High School graduation rates also do not pertain to our district as we are an elementary school district.
- F. EAP requirements also do not pertain to our district as we are an elementary school district.
- G. A-G Requirements also do not pertain to our district as we are an elementary school district.

Priority 6: School Climate

- A. Our district wide student suspension rate continues to be below 1%. This is not identified as an area of specific need in our district and will not be area of focus. However, we will continue to monitor and work to maintain (or better) this level.
- B. Our student expulsion rate is 0% this year and thus is not considered an area of need and will not be a specific focus of this LCAP. However, we will continue to monitor and work to maintain this level.

C. Student's, parent's and staff's sense of safety and school connectedness is an area of importance to the district including sense of belonging and equity access. This will be addressed as part of Goal #1, district-wide.

Priority 7: Course Access in Grades 1-6

A. All students are offered physical education in compliance with governing law. In addition, nutrition and health education curriculum is embedded for all grades. Our wellness program is considered a strength district-wide and thus the district does not see any identified areas of need here. However, the district will address in Goal #3 exploration of personalized learning --especially in the area of math and electives (e.g. world language programming) as well as "homework" as these were identified by parents through survey results.

B. Supports and services for unduplicated students will be addressed in Goals #1, 2, and 3.

C. Programs and services for individuals with exceptional needs will be addressed in Goals #1, 2 and 3.

Priority 8: Other Pupil Outcomes

As outlined above in the Strategic Plan, the district has embraced development of the whole child including the 5C's (Critical Thinking, Creativity, Collaboration, Communication and Citizenship/Stewardship). Progress monitoring of student growth in the 5C's will be included in Goals #2 and 3.

Overall, this LCAP reflects the engagement of all stakeholders, addresses the key priorities, outlines our plans and fiscal allocations in accordance with required elements established by the State. However, more importantly, this LCAP accurately reflects our growing district overall but also reflects district-wide goals that are in alignment with our strategic plan and vision for all of our students.

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels

served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)

Implementation of State Standards: implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)

Course access: pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)

Expelled pupils (for county offices of education only): coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)

Foster youth (for county offices of education only): coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)

B. Pupil Outcomes:

Pupil achievement: performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)

Other pupil outcomes: pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)

C. Engagement:

Parental involvement: efforts to seek parent input in decision making at the district and each school site, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)

Pupil engagement: school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)

School climate: pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
<p>Overall Site/District Input Dates/Process:</p> <p>Arundel Site Input: Staff Meetings: 2/9, 3/8, 3/22, 4/25, 5/10 SSC: 2/14 PTA: 1/13, 2/10, 3/9 ELAC: 12/14/15 Meeting with Preschool Director: 2/12</p>	<p>Overall Site/District Input Summary:</p> <p>We reflected on our process from the first two years of engaging our stakeholders through both site and district levels and given its past effectiveness, we agreed to continue that process this year with some changes based upon prior year feedback. Dates specified (to the left), are listed by not only district level but by each site as well and are summarized wholistically below.</p>

<p>Brittan Acres Site Input:</p> <p>SSC: 1/21, 2/25, 5/12</p> <p>PTA: 1/13, 3/9, 4/13</p> <p>Staff Meetings: 1/12, 1/26, 2/23, 3/24, 4/12, 5/10</p> <p>Central Site Input:</p> <p>SSC: 1/21, 5/19</p> <p>PTA: 2/10, 5/11</p> <p>Staff Meetings: 1/26, 2/9, 5/10</p> <p>Heather Site Input:</p> <p>SSC: 2/4, 3/21, 5/19</p> <p>PTA: 3/8, 4/11, 5/10</p> <p>Staff Meetings: 1/12, 3/22, 5/10</p> <p>Tierra Linda Site Input:</p> <p>SSC: 2/4, 3/3, 5/5</p> <p>PTA: 2/8, 5/31</p> <p>Staff Meetings: 4/22</p> <p>Master Schedule Committee meetings 1/13, 1/20, 1/27, 2/24</p> <p>Math Pathways Parent Night 1/19</p> <p>Student: 3/16</p> <p>White Oaks Site Input:</p> <p>SSC 1/19 , 2/25, 3/31</p> <p>Leadership Team: 1/5</p> <p>Staff Meetings: 1/6, 1/26, 2/8, 2/23, 3/8</p> <p>District Leadership Meeting Input:</p> <p>Administrative Council Meeting: 2/8</p> <p>Principal Meetings: 1/11, 3/21, 4/22</p> <p>Board Input: 3/24, 5/26</p> <p>Public Viewing: 6/6-6/9</p> <p>Public Hearing: 6/9</p>	<p>Since the Administrative Council and Board retreats in August of 2015, we have been updating our stakeholder groups on the progress of our 2015-2016 LCAP. We spent a great deal of time analyzing data (including SBAC results, CELDT data, communication audit, results from students, teachers, staff and parent surveys --Panorama and one-question surveys, etc.) as it was obtained as well as feedback from stakeholder engagement process (site councils, PTA, DELAC, etc.)</p> <p>During the data analysis, we learned that there continues to be an achievement gap between our overall students and those classified as “unduplicated.” As such, we agreed that we need to continue our efforts in supporting these students in a significant (and in some cases more targeted) ways.</p> <p>Even though a highly concerted effort was made to achieve all goals, actions and services, we acknowledge that some targets were not attained.</p> <p>As outlined in the Annual Update section, we also realized we needed to consolidate goals to make our LCAP plan more targeted and streamlined as well as to more clearly define our “base” vs. “supplemental” services. We have made a deliberate effort to ensure that the actions/services for our LCAP targeted populations (English Learners, socio-economically disadvantaged, foster youth/homeless, and special education) are more clearly outlined. As you may remember, last year was our first implementation year with a single district LCAP and 5 goal areas. This year, we will update prior goals/actions and services as well as propose three modified goals that we will target over the next three years including 2016-17, 2017-18, and 2018-19. Additionally, based upon the stakeholder work and the inter-connectivity of our goals, we have reorganized our actions/services into four categories: teacher/staff support, communication, parent engagement and student engagement/other rather than having separate goals.</p> <p>We have followed LCAP regulations including requirements for engagement and responsiveness. Superintendent Baker responded to all questions/comments and our public viewing is from June 6-9, with the LCAP hearing scheduled for June 9th at a Public Board session. We anticipate adoption of the LCAP at the Board meeting on June 23, 2016.</p>
---	---

<p>Board Adoption: 6/23</p> <p>District English Learner Advisory Committee (DELAC): 9/28, 11/9, 2/1, 3/7, 4/18</p>	<p>DELAC conversations yielded the following suggestions for future:</p> <ul style="list-style-type: none"> • Communicate to parents at an earlier stage what CELDT level their child is (via teachers at conferences) and include more translation in Spanish • Align practices district wide and use an EL intervention plan that is communicated with parents early • Find a new tool for teachers to use to monitor progress EL students • Work on EL's needs within context of new reading curriculum and continue to work through needs in writing curriculum
<p>Special Education District Advisory Committee (SEDAC): 4/1/16</p>	<p>Based upon feedback, readers will see actions/services addressing English Learners in all three goal areas.</p> <p>SEDAC conversation yielded the following suggestions for future actions/services by this parent group:</p> <ul style="list-style-type: none"> • Increase parent education/communication around second step at middle school level • Expand parent education around how to support your child in Math • Increase parent education/communication around "homework" • Increase parent education/communication around the 5C's
<p>CSEA survey: April 12, 2016</p>	<p>As such, parent education in the above domains are included in the targeted action/services in all three goals.</p> <p>San Carlos CSEA Chapter 263 met on April 12, 2016. The members present discussed the San Carlos School District LCAP. This group represented all job groups within CSEA with the exception of no bus drivers were present. The group felt that the LCAP funding method was working well and have seen improvements both on their site and district wide.</p> <p>The group provided feedback and recommendations in the following areas:</p> <ul style="list-style-type: none"> • School Facilities were not in as good as repair, as they could be, that some buildings were getting old and need more upkeep. The maintenance department is too small.

- Para Professionals felt the additional trainings have been very helpful. Middle School Para professionals would like to see more training to help students with common core.
- CSEA would like to see the library technician position restored to the pre lay off hours or more. Librarians would like to see students have the opportunity to use library computers in a supervised setting after school to compete research or homework.

As such, some of the actions and services outlined in Goals 2 & 3 address the above.

Strategic Plan Survey (Panorama) February 2016

Summary of Family/Community Survey Input:
Overall, there were more respondents in all categories. Most topics and questions had greater than 85% positive average responses.

Specific areas to consider for future include:

- How to communicate how students are achieving other than with report cards
- Engage parents in "What it means for their child to be successful"
- Finding ways to feel empowered to make a difference in their child's school
- Increase opportunities to partner with schools in decisions about their child's education
- Communicate and ensure academic rigor (even with noted increase from prior year) this remains and area of interest/concern for parents

Summary of Teacher Input:

Topics near or below 80% threshold to consider in goal planning for future included:

- Technology (specifically PD for integration of technology)
- Learning Environments
- Support (specifically need for resources to support implementation of Strategic Plan/District initiatives)
- Leadership

<p>One-Question One Minute Survey-November, 2015</p>	<p>Summary of Student Input:</p> <p>Upward trends were noted year to year and across topics. Topics below 80% threshold to be considered in goal planning included:</p> <ul style="list-style-type: none"> • Sense of belonging • Learning environment • Engagement • Learning strategies • Interest in subject <p>Based upon survey data, the reader will see some of the key areas addressed in across all three goals.</p> <p>"One Question" (satisfaction) Family survey was completed by 1,191 parents/guardians and 219 staff members.</p> <p>Family One Minute/One Question Survey revealed:</p> <ul style="list-style-type: none"> • A large majority of Parents (>80%) are very satisfied with the educational experience provided for their students by the San Carlos School District • Would like to see more electives, especially World Languages and Coding • Are split over the amount homework assigned to students (A Goldilocks distribution - too little, too much, just right) • Call for greater opportunities for personalized learning • Call for greater academic rigor and attention to gifted and talented students • Need for lower class sizes <p>Staff One Minute/One Question Survey revealed:</p> <ul style="list-style-type: none"> • A majority of Staff (>75%) are very likely to recommend to a friend or colleague working for the San Carlos School District • A significant number of teachers are feeling overwhelmed • A continuing need for Professional Development • A need for greater communication between teachers and administration <p>Given the above, actions/services in Goals, 1, 2, and 3 note address of some of these key areas.</p> <p>District Technology Team and Librarians:</p> <p>This group met quarterly and identified the following possible goals:</p>
<p>District Technology Team and Librarians: 10/21, 1/13, 3/9</p>	

- Develop a detailed curriculum that builds upon the tech scope and sequence of district
- Create and manage tinker/maker/tech lab
- Provide consistent tech professional development for teachers and tech staff
- Review new apps/software/devices for individualized learning and PBL
- Create a program to decrease overdue notices.

The following "Needs" were also shared:

- New computers to replace aging iMacs and new computers for check-out and look-up systems at elementary sites
- Mobile racks and furniture, robotic kits, maker materials and tools for emerging maker-spaces
- Upgrade with internet network
- Mobile carts for chromebooks
- iPad charging and syncing cart/stations
- Logistical support from District to create maker-space
- Central Librarian to coordinate with BA and WO librarians to transfer non-fiction curriculum related books for 4th graders from their space to Arroyo/Central (Missions, for example) and purchase new materials at CMS that will support 4/5 student interests/curriculum (same the year after for the new 4/5 as well)

These were also considered and key areas are embedded in the LCAP (e.g. Maker Space, technology infrastructure, and PD).

Communications Audit conducted by independent consultant January-April,

2016

Communications Audit:

Overall, the public perception of SCSD is a positive one. However, the audit noted a number of key takeaways representing areas that district leadership may want to consider when shaping a new communications plan for SCSD including there is a fundamental difference in how various stakeholders perceive SCSD's strengths including the District's strategic plan and that work needs to be done to make it more accessible to non-practitioners. Secondly, SCSD lacks a consistent, recognizable visual brand and voice across its communications and this may be another area to consider. Third, despite the district's efforts to engage community members, there is a perception that SCSD moves forward on issues without enough consultation with all stakeholder groups. SCSD's identity and success are directly connected to the

<p>PD Advisory Committee met during the Spring 1/25 and on 5/10 (and subsequently shared with site staff on several dates)</p>	<p>active engagement of the community. However, there is a strong desire by many wishing to share the district's accomplishments with other others outside of the district.</p> <p>This LCAP's format has been revised from past years. As such, communication is now highlighted as a subset of each goal in this LCAP.</p> <p>PD Advisory Committee:</p> <p>This committee was comprised of teachers and administrators. Throughout the spring, the committee engaged in an accordion process bringing information to and gathering feedback from the site staff. In May, the committee synthesized the data/information into the following top 5 areas of focus and made recommendations for future Professional Learning planning and budgeting. In any given year, there may be a bigger focus in some areas and less in others. However, they are identified as "must-haves" as part of our PD planning and will be present, in some degree, every year to support professional learning for our exceptional staff! The committee acknowledged that we will take small steps this coming year, but recommended to highlight these elements in order for us to keep improving in the years to come:</p> <ol style="list-style-type: none"> 1) Expertise/Coaching to Support Learning (the number one area of identified need) 2) Personalized Learning with flexible pathways, voice and choice 3) Focus and Relevance related to grade level/content (e.g. elementary vs. middle, special education, etc.) 4) Collaboration Time within School Day 5) Clear communications
<p>Annual Update:</p> <p>DISTRICT UPDATES:</p> <ul style="list-style-type: none"> • DELAC Meetings: 9/28, 11/9, 2/1, 3/7, 4/18 • CSEA: Reached out to CSEA president but didn't hear back until late Spring • Panorama Survey: 12/17 • Foster Youth Liaison Input: 12/11 • Special Education District Advisory Committee (SEDAC) Meeting: 12/14 • Board Meetings: 9/24, 11/19, 12/3, 12/17 	<p>Annual Update:</p> <p>Overall District Update:</p> <p>Our community involvement process involved multiple stakeholder groups at varying levels, over time. Each site engaged their classified and certificated staff, parents and students (grades 3-8) through meetings, surveys and conversations. During our input sessions we reviewed the purpose of LCAP, provided an updated on the progress of the 2015-2016 actions and services, and solicited input after reviewing current data.</p>

- Administrative Council/Principal Meetings: 8/11, 9/21, 10/19, 11/2, 11/16, 12/7

In addition, district staff formally solicited input from SCTA and CSEA unions, District English Language Advisory Committee (DELAC), Special Education District Advisory Committee (SEDAC), Health & Wellness Coordinator and Foster Youth-Homeless Liaisons as well as our Governing Board. Further, data from district surveys, communications audit, etc. were considered.

Our involvement process again this year has been impactful on the development and revision of our LCAP. So much so, our goals were again modified based upon feedback from our stakeholders while still addressing the 8 State priorities overall.

On 9/24/15, revisions to the 2015 LCAP were approved (based on feedback from SMCOE). In addition, trimester progress/updates were provided to the Board 12/17/15 and 3/24/16.

On 11/30/15 and 2/22/16 and 4/25/16, San Mateo County Office of Education (SMCOE) LCAP Technical Team provided Regional LCAP Meetings and support. In addition, on 3/30/16, SMCOE LCAP team members met individually with District leadership to provide additional consultation/guidance. Throughout the year, the SMCOE has organized technical support teams to come to our district and other districts to share ideas. The technical support team has provided critical support on how our LCAP is written and how to assure that the funds are allocated appropriately. At the regional meeting, the SMCOE facilitated and provided opportunities for districts to come together to share best practices as well as numerous practical guides that as a district we were able to adapt to the unique nature of our district and then use to support and fine-tune our process overall.

Based upon our stakeholder input, we have consolidated the five goals from the 2015-16 LCAP to three goals that would directly address the 8 Priorities for the 2016-19 LCAP. Below is additional information regarding the listed sources:

DELAC: reviewed LCAP goals and targets for this year; reviewed survey data and needs; identified improvements in the following areas:

- Communicate to parents at an earlier stage what CELDT level their child is (via teachers at conferences) and include more translation in Spanish

- Align practices district wide and use an EL intervention plan that is communicated with parents early
- Find a new tool for teachers to use to monitor progress EL students
- Work on EL's needs within context of new reading curriculum and continue to work through needs in writing curriculum

SCTA co-presidents shared that they consulted with site representatives and staff felt the accordion process involving certificated staff at the site levels was addressing their needs and no further specific activities were needed/desired by this stakeholder group specifically.

CSEA employees were engaged throughout the year by the site CSEA lead and through the on-site processes.

Panorama survey was re-administered in February and those results are shared above.

Foster Youth-Homeless discussions yielded the desire for written resources pertaining to local support services available and also transportation was highly valued.

SEDAC (Special Education) met on 12/14/15 and 4/1/16. This group facilitated the first Annual Ability Awareness week. Input was provided through group meeting. Positive feedback was also received verbally.

At AC meetings, we reviewed progress on district/site goals. We also reviewed input from site council/LCAP committees, ELAC/DELAC, PTA/Community feedback, SCTA/CSEA feedback; board input, foster youth-homeless information, SEDAC feedback, student results and survey data.

On 4/22/16 an all day work session by all principals and assistant principals and cabinet leaders was held to finalize data consolidation and goal setting for next year based upon all sites and stakeholder input.

ARUNDEL:

Staff Meetings: 9/8/15,11/3/15, 12/1/15, 12/15/15,

SSC: 10/26/15, 11/9/15, 12/14/15

PTA: 10/14/15, 11/12/15,

ARUNDEL:

Staff: The Principal summarized for meeting attendees the background for, and requirements of, the LCAP, and sought input. The Principal made it clear that he was open to hear additional input going forward. Questions were

asked and discussion took place. At the 9/8/15 meeting the staff reviewed each of the eight major state goals as well as SBAC data and gave feedback which was recorded. At the 11/13/15 meeting the staff discussed progress on PBL implementation and next steps as well as an update on goals. At the 12/1/15 meeting the principal discussed and shared the plan to transition from a K-4 to a P-3 school as well as timeline for construction in the Tierra Linda campus. At the 12/15/15 meeting the principal discussed the new data management system (Illuminate) had a presentation and filled out a survey on next steps. At the 2/9/16 meeting the principal and staff reviewed, discussed expectations and answered questions about the 5c's rubrics. At the 3/8/16 meeting the principal led the staff through a process to brainstorm the essential elements of the upcoming P-3 school. At the 3/22/16 meeting the principal led the staff through a process to review 5 c's as well as gather feedback on the movement towards redefining the homework policy and expectations at Arundel. At the 4/25/16 staff meeting the principal gathered feedback on progress and next steps on homework. At the 5/10/16 meeting the Principal discussed with staff each of the major goals and gathered feedback.

Site Council (functioning as the Steering Committee) met with the Principal 10/12/15, 11/9/15 and 12/14/15 to outline a plan for assisting in the development of the LCAP. At such time the Principal summarized for the meeting attendees the background for, and requirements of, the LCAP, and sought input. Questions were asked and discussion took place. Site Council includes representatives of administration, teaching staff and parents. The Site Council established facilities concerns as a major area of focus and engaged the school and community in a process that led to a Board Presentation to renew the upper play area and create adequate play spaces for the students.

Parents/PTA members at monthly meetings 10/14/15, 11/12/15, 1/13/16, 2/10/16 and 3/9/16. At each such time the Principal summarized for the meeting attendees the background for, and requirements of, the LCAP discussed specific topics including but not limited to transition to P-3 configuration, homework changes, progress towards strategic plan and facilities issues around the upper field and landscaping, and sought input. Questions were asked, feedback was recorded and discussion took place with staff as well as the Superintendent on some occasions.

Principal met on February 25 with the site's ELAC Committee. At such time the Principal summarized for meeting attendees the background for, and requirements of, the LCAP, and sought input. The Principal made it clear that he was open to hear additional input going forward. Questions were asked and discussion took place. Next steps included providing additional support for ELL's with in class support, additional online resources and curriculum enhancements at the school site.

Principal met with Preschool Director for planning to determine the location of the future preschool space.

BRITTAN ACRES:

SSC: 9/24, 12/10,

PTA: 9/16, 10/14,

Staff Meetings: 8/25, 9/8, 11/3

BRITTAN ACRES:

Goal 1: Staff and SSC: Piloted new math, will select this year for soft adoption next fall. However, there is a desire for more differentiation with Words Their Way next year. We will begin reading Units of Study next fall. Also, Habits of Mind becoming more widespread-- piloted and brought feedback, raised awareness. Second Step program as implemented, and we will add TK next year. Next steps include utilizing Illuminate to build assessments. PTA shared approval of the progress.

Goal 2: Staff/School Site Council: Maker/Tinker/Tech Lab development. Great coaching from technology associate. PBL almost all in place. PTA approval of this movement forward. Next steps include continued implementation.

Goal 3: Staff: Progress identifying needs, priorities. PE instructors took on Motor Room to better support K and free teachers to collaborate. Began BA in Motion, Wild Zone, Maker Space, and Green Team. Incorporated Artist in Residence program, P-3 Library conversations, Maker activities and Tech/Library partnerships with teachers/students. Continue to grow 3rd grade leadership opportunities. Transitions for 3rd, 4th to Arroyo School. Transition Pre to TK and K developed.

PTA: Supported Wild Zone with Ranger volunteers, funded Artist in Residence program-- looking to continue funding next year. PTA at Arroyo School transitions.

School Site Council: Look to build more enrichment into the school day, also after school for all students. Improve SMART-E enrichment activities offered through surveys, more diverse offerings (math in particular).

Goal 4: Staff: Learning through PLCs, staff meetings, PDs. Many teachers implementing changed homework practices including less overall, more purposeful and connected assigned work, menus of choices including online. Teachers at all grade levels utilizing online programs or apps that individuate in both ELA and Math.

SSC/PTA: Approval of all personalized learning improvements. Concerns were noted regarding new Homework Policy leaving too much to individual parents to support, or not allowing parents enough access to understand their children's individual classroom learning-- how will this otherwise be communicated? This is an area to continue to focus on.

Goal 5: Staff: Learning in Staff Meetings, PD regarding regular, school to home communication, also alternatives to "Conference Week" at report card time-- to shift to earlier goal setting conferences instead. Some trying online portfolios, rethinking how to report progress. Improve communication overall. PTA/SSC: Agreement to a need to improve communication overall.

CENTRAL:

SSC: 11/19,1/21,

PTA: 11/18, 2/10,

Staff Meetings: 11/26, 2/9

CENTRAL:

CMS made great progress on all goals, actions and services including great progress in all areas, with the piloting of personalized learning tools a highlight for 5th grade. The full implementation of Second Step across all grade levels was very successful this year.

Site Council expressed interest in continuing to look at the Middle School report card. Currently parents feel that there is only limited information that can be found on the Report Card at the middle School level.

Staff highlighted the Second Step program and how this meets a number of the goals in the LCAP. The need to continue to add RTI classes to support students in the area of math as well as the current classes that support students in ELA. Staff also highlighted the need to fully integrate NGSS with current practice.

Students shared that they felt all students should be supported at the academic level they are at. This was mostly for students who needed support in academic classes.

HEATHER:

SSC: 9/24, 10/29, 12/10

PTA: 9/8, 10/8, 11/10

Staff Meetings: 8/25, 9/8, 10/6, 11/3

HEATHER:

Goal 1: We are piloting new CCSS math programs, Words Their Way and Reader's Workshop. Teachers have used 5Cs rubrics in every classroom, trying out and giving input, incorporating ideas into lessons. Second Step is being consistently taught K-4, communications on website, newsletters, and Facebook. Teachers have begun inputting data into Illuminate and to utilize reports.

Goal 2: All but 3 teachers trained in PBL and time and funds were allocated for PBL. Increased Tech support on site allowed for deeper and more consistent collaboration with teachers integrating technology. We increased math RTI support, counselor and tech support, as well as revamping literacy associates with one certificated reading specialist and a literacy associate. Resource teacher and RTI math teacher piloted Ready math intervention curriculum. 3rd and 4th grade students using Typing Club.

Goal 3: Increased communications about transitioning to P-3 through PTA, SSC and Facebook posts. Increased collaboration with PS and site principal to develop transition activities. Next steps are to involve PS staff with TK & K staff. We reviewed and analyzed Panoramic survey addressing school climate. Implemented increased wellness lessons and activities. Purchased and implemented Motor Room for K and 1st grade, with next steps to include PS.

Goal 4: Increased implementation of online personalized learning programs. Teachers designed and implemented alternatives to traditional homework assignments, addressing personal learning needs, interests and passions. Next steps are in personal goal setting based on individual learning needs and finding efficient ways to communicate progress to parents throughout the school year.

Goal 5: We have made great gains in classroom communications, with several teachers writing and sending home newsletters about what is being taught in class and how it ties to the Strategic Plan. Next steps are to have all teachers

<p>TIERRA LINDA: SSC: 9/3, 10/5, 11/5 PTA: 10/5 Staff Meetings: 10/6, 11/3, 1/12, 1/26 SBAC Parent Night: 9/28 Master Schedule Committee meetings: 12/16</p>	<p>addressing communication needs, to include student progress and how parents can connect in school learning at home. We supported the attendance campaign instituting the new practice of teachers reaching out to parents first, documenting the effort and response and then the principal taking the next step when required.</p> <p>TIERRA LINDA: Tierra Linda Middle School made steady progress on all goals, actions and services. All grade levels implemented the Second Step Program with support of the school counselor.</p> <p>Site Council made progress in understanding the district LCAP (11/5/15, 5/5/16) and components of the District Strategic Plan. (5/5/16- "Learning Beyond School Hours")They affirmed parent support of the need of an additional flex period, by reviewing the various surveys deployed by the TL administration. TL will implement the 5C assessments next year. (5/5/16) Site council gave input on the need for more parent education offerings, specifically with 5Cs. As a group SSC read and discussed, How to Raise an Adult, Lythcott-Haines.</p> <p>Staff suggested classes to support students in ELD, math and reading and will implement with the new modified block schedule next year. Staff examined test results and identified target students. (4/22/16) Staff revised the conferencing schedule to allow for more families to be included, adding a night date.</p> <p>Parent groups were presented and were supportive of Second Step Program information and survey results (2/8/16), as well as District strategic plan (5/31)</p> <p>Students felt the need for more electives, and more opportunities for relating with teachers (Pilot and Panorama surveys 3/2016). TL will move to modified block schedule to provide electives and longer class periods to better teacher-student relationships.</p>
<p>WHITE OAKS: SSC 1/21, 2/25, 3/31, 4/21, 5/26 Leadership Team: 1/5 PTA: 1/11</p>	<p>WHITE OAKS: We are making strong progress on all current goals, and we want to continue our work towards implementation.</p>

Staff Meetings: 1/6, 1/26, 2/9, 2/23, 3/22, 5/10

Key areas identified for 16-17 based upon all stakeholder feedback include professional learning in the following areas: Reading Workshop, Homework/Home Learning, PBL, and Maker Space/Design Lab.

Also, continued Growth/Learning Mindset work was identified as an area to focus on and we would also like to be part of the pilot group to try out new conference/report card plan.

School-wide communication and parent education about homework, the importance of play, Second Step, how we're using tech are key areas of needed focus as well.

Next year, we need to take next steps with MARS/POM (math) and with whole school work with embedding 5Cs into PBL. Teacher support is needed to provide collaboration time during school day (without sub plans).

Finally, with a new preschool coming, we will focus on building a partnership with preschool - educationally and logistics and continuing to build our vision of WO as a P-3 school.

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, school-site-level advisory groups, as applicable (e.g., school-site councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal.

Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for school/sites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the school/site level. The LEA may identify which school/sites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or school/site.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the school sites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and at the school site level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Action/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the school sites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated Fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA's budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA's goal(s) to address state priorities related to "Conditions of Learning"?
- 2) What are the LEA's goal(s) to address state priorities related to "Pupil Outcomes"?
- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school/sites been evaluated to inform the development of meaningful district and/or individual school/site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school/sites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific school/sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

GOAL 1:	Ensure equitable access to learning for all students and increase student engagement and sense of belonging within each school community.		Related State and/or Local Priorities: 1 _ 2 <input checked="" type="checkbox"/> 3 <input checked="" type="checkbox"/> 4 _ 5 <input checked="" type="checkbox"/> 6 <input checked="" type="checkbox"/> 7 <input checked="" type="checkbox"/> 8 COE only: 9 _ 10 _ Local : Specify
Identified Need :	Parent surveys identified a need for more enrichment and support opportunities Need for additional electives (6-8) as identified in District Strategic Plan Block Schedule survey from parents, teachers and students indicated the need for additional access to electives, support classes, and enrichment classes for students at the middle school level Teacher surveys identified a need for increased support in implementing district initiatives embedded in the Strategic Plan Teacher surveys and PD advisory committee identified need for relevant Professional Development opportunities related to student learning and meeting district initiatives including coaching, flexible approaches and focus, relevance, built-in collaboration and clear communication AC determined that performance task/critical thinking is a needed next step for 5Cs/Habits of Mind. Also, need came up in staff conversations as we think about how to support rigor and support all subgroups/learners. Further teacher training in illuminate came out of site conversations Need for ELD focus came from DELAC Feedback and SBAC data and AMAO data		
Goal Applies to:	Schools: All	Applicable Pupil Subgroups: 1.9, 1.10, and 1.11 are for specified subgroups including Low Income, Special Education, Foster Youth, Homeless Students and English Learners	
Expected Annual Measurable Outcomes:	Please refer to the attachment for data measures which reference baseline and 2018-2019 (three year) growth targets. 1. Attendance Rates 2. Suspension Rate 3. Expulsion Rate 4. Strategic Plan/Climate Survey

Complete a copy of this table for each of the LEA's goals. Duplicate and expand the fields as necessary.

GOAL 2:	Increase student achievement across all sites, grade levels and subgroups to ensure each student makes adequate progress on CCSS, NGSS and 5C's/Habits of Mind.	Related State and/or Local Priorities: 1 <input checked="" type="checkbox"/> 2 <input checked="" type="checkbox"/> 3 <input checked="" type="checkbox"/> 4 <input checked="" type="checkbox"/> 5 <input type="checkbox"/> 6 <input type="checkbox"/> 7 <input checked="" type="checkbox"/> 8 <input checked="" type="checkbox"/> COE only: 9 <input type="checkbox"/> 10 <input type="checkbox"/> Local : <u>Specify 5C's/Habits of Mind & Wellness</u>
Identified Need :	Parent surveys (One-question & Strategic Plan surveys) identified need for more rigor "Block Schedule" survey from middle school parents, teachers and students identified need for more options for elective classes build into the schedule. Teacher surveys identified need for resources to support CCSS and NGSS Need for additional electives (6-8) as identified in District Strategic Plan & Board conversations PD advisory committee/teaching staff identified need for increased coaching and collaboration time as did teacher results from the Panorama survey "Maker-space" need came out of site conversations as a next step in Strategic Plan/Personalized as did some community interest in coding Performance task/critical thinking was an identified next step for 5Cs by administrative leaders. Also, need came up in staff conversations as we think about how to support rigor and consider other options for assessing math (other than MARS) More teacher training in illuminate came out of site staff conversations Teacher Professional Development survey identified need for a cohesive priority with reading as the next area of CCSS curriculum to be addressed (Readers Workshop) for grades K-5 Support services identified need for more summative and formative assessments Physical Fitness Test data showed areas for continued improvement in student health with more students in the "healthy zone"	
Goal Applies to:	Schools: All	Applicable Pupil Subgroups: Actions 2.13, 2.14, 2.15 and 2.16 are at targeted subgroups including special education, low income students and English Learners

LCAP Year 1: 2016-2017

Complete a copy of this table for each of the LEA's goals. Duplicate and expand the fields as necessary.

GOAL 3:	Create structures to support personalized learning opportunities for students, considering developmental stages and other factors relevant to P-3, 4-5 and 6-8 grade level configurations		Related State and/or Local Priorities: 1 <input checked="" type="checkbox"/> 2 <input checked="" type="checkbox"/> 3 <input checked="" type="checkbox"/> 4 <input type="checkbox"/> 5 <input type="checkbox"/> 6 <input type="checkbox"/> 7 <input checked="" type="checkbox"/> 8 <input checked="" type="checkbox"/> COE only: 9 <input type="checkbox"/> 10 <input type="checkbox"/> Local : Specify <u>5C's/Habits of Mind</u>	
Identified Need :	Strategic Plan survey by parents, staff feedback and site conversation with parents (e.g. coffees) identified a need for education around "homework" (learning beyond the school day) and District's policy around "homework". Staff indicated a need to work on developing concrete actionable activities that allow for meaningful opportunities for out of school learning. Student feedback indicated that they would like to see out of school learning take on a variety of forms that fit more with what they are learning in school. PTA and Site Council reported that members want out of school learning to continue, however in a way that does not adversely affect family time and after school activities. SEDAC feedback indicated that parents wanted more education around how to support their child in learning Math skills and a desire to continue and/or expand ability awareness opportunities.			
Goal Applies to:	Schools: All sites	3.8 is specially targeted at English Learners		
Applicable Pupil Subgroups:				
LCAP Year 1: 2016-2017				
Expected Annual Measurable Outcomes:	A pre-post measure will be administered to teachers to survey progress on personalized learning in the classroom setting. Every year for three years, core subject teachers will report an ever-increasing repertoire of personalized learning strategies that they are implementing in their classroom that they consider to be a quality personalized learning practice. A pre-measure in 2016-2017 will serve as a baseline.

Complete a copy of this table for each of the LEA's goals. Duplicate and expand the fields as necessary.

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth, and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Original GOAL 1 from prior year LCAP:	Align assessment and curriculum resources district-wide to ensure progress monitoring and accountability toward all students make measurable annual progress on CCSS and the 5C's	Related State and/or Local Priorities: 1 <u>X</u> 2 <u>X</u> 3 <u> </u> 4 <u>X</u> 5 <u>X</u> 6 <u>X</u> 7 <u>X</u> 8 <u>X</u> COE only: 9 <u> </u> 10 <u> </u> Local : Specify <u>5C's</u>
Goal Applies to:	Schools: All for all actions/services; however, action 6 relates to elementary schools only (and site preschools); Applicable Pupil Subgroups: All	
Expected Annual Measurable Outcomes:	EAMCO: 100% of "core" teachers (ELA, Math, Science, History middle school teachers and all elementary teachers) will: 1) report having a solid understanding of the assessment map for their subject and/or grade level; 2) administer key assessments, 3) input student data into new data management system (illuminate); and 4) provide feedback to administration regarding target measures in preparation for full implementation in 2016-2017 to support all students in achieving mastery of the CCSS and NGSS (including unduplicated students). Exit Outcomes are designed to require Pre-3, 4-5 and 6-8 targets to be met and these Grade 3, Grade 5 and Grade 8 outcomes reflect the work at all grade levels.	Actual Annual Measurable Outcomes:
		EAMCO: 1) not completed-didn't complete survey; 2) all teachers administered assessment as outlined by the district measures appropriate to their grade; 3) all teachers put assessment data into the system and the district supported entering in new data as well; 4) partially met: received input from science teachers for assessment and curriculum & teachers reported feedback to administrators on Illuminate, MARS, writing assessment in the data system
LCAP Year: 2015-2016		
Planned Actions/Services		Actual Actions/Services
Budgeted Expenditures		Estimated Actual Annual Expenditures
1. Assessment Map by grade level and core subject areas in grades TK-3, 4-5, 6-8 including 5C's Outcomes, reading measures (e.g. DRA-2, Lexia, DIBELS, Star Renaissance, etc.), writing (opinion papers) science (CST-Science, etc.) and math (Star Renaissance, MARS, grade level benchmarks, etc.), social studies/history, technology/research skills, overall wellness including physical and social emotional well-		Partially Met: A basic matrix of assessments was outlined including the measures indicated in this action; however, an expansive map was not completed inclusive of anchor projects, benchmarking by grade level, etc. TK staff completed DRDP-K measures on all students in the Spring, 2016. Staff considered English Learners and worked to revise assessment process including reclassification process/guidelines.

<div>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</div>	<div>Overall, this was a lofty goal and was partially met. Some aspects were not completed due to the need to adjust our pacing based on staff feedback. Continued work on assessment/benchmarks and use of Illuminate is needed and will continue next year. Review of data revealed a need to increase supports and progress monitoring of our English Learners (including those reclassified). The launch and use of Illuminate was pivotal and continued support and work on this database will be important next year and the out years as well. It will be important that we carefully consider ease of use of assessment measures as well as overall balance. Components of this Goal are visible in Goals 1, 2 and 3 next year but most notably in Goal 2.</div>		

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Original GOAL 2 from prior year LCAP:	Continue to roll out of Technology-Infused Project Based Learning as a way to implement the depth and rigor of the Common Core State Standards and Next Generation Science Standards and whole child focus and to meet the needs of subgroups of students who are performing below expectations	Related State and/or Local Priorities: 1 _ 2 X 3 _ 4 X 5 _ 6 _ 7 X 8 _ COE only: 9 _ 10 _ Local : Specify
Goal Applies to:	Schools: All	
Applicable Pupil Subgroups:	Socio-economically disadvantaged, English Learners, Foster Youth and Special Education	
Expected Annual Measurable Outcomes:	75% of all teachers will be trained in Technology-Infused PBL and 90% will report they are prepared to teach PBL units tied to CCSS/NGSS. In addition, key interventions and supports will be added to support struggling learners so they may better access the core curriculum.	Actual Annual Measurable Outcomes:
		70 teachers were trained this year bringing the number of PBL trained teachers to 116 (74.8% were trained); no survey completed. Interventions were provided to struggling learners in reading, writing, and math.
LCAP Year: 2015-2016		
Planned Actions/Services		Actual Actions/Services
Budgeted Expenditures		Estimated Actual Annual Expenditures
1. Provide professional development in the following key areas: a. Partner with SMCOE for PBL training that integrates CCSS b. Blended learning and Technology Integration into Lessons/Classrooms c. 5C's/Habits of Mind d. Para training including: CCSS, reading instruction e. programs/strategies, behavior strategies & data collection, understanding IEP's and different disabilities f. Reading Units of Study (gr. K-5) and Words Their Way curriculum (grades K-3) g. Writing Units of Study (gr K-8) h. NGSS i. Illuminate/Building formative assessments		\$0 (MOU with SMCOE) \$7,000 5800: Professional/Consulting Services And Operating Expenditures Locally Defined \$0 (built in to current salaried employees work) \$36,000 + \$12,000 4000-4999: Books And Supplies Lottery \$2,000 4000-4999: Books And Supplies Lottery \$10,000 4000-4999: Books And Supplies Lottery \$12,000 5000-5999: Services And Other Operating Expenditures Locally Defined \$2,000 5800: Professional/Consulting Services
		1 Met/Partially Met: A wide variety of PD was provided to teachers/staff: a. Met: Cohort 3 had over 70 teachers trained in PBL in partnership with SMCOE including also sustained support sessions during the year b. Met: Worked with Mastery Design Collaborative; partnership with iHub (5th grade CMS teachers) grant on blended learning including Math and ELA; 70+ (non PBL teachers) were trained in Blended Learning using Redbird in August. c. Met: Habits of Mind was integrated into PBL support sessions and at staff meetings (with emphasis on communication and collaboration) d. Partially Met: reading and understanding IEP's/different disabilities
		\$0 (MOU with SMCOE) \$7,000 5800: Professional/Consulting Services And Operating Expenditures Other Educator Effectiveness Grant \$0 (built in to current salaried employees work) \$48,000 4000-4999: Books And Supplies Lottery \$2,000 4000-4999: Books And Supplies Lottery \$10,000 5800: Professional/Consulting Services And Operating Expenditures Other Educator Effectiveness \$10,500 5000-5999: Services And Other Operating Expenditures Other Educator Effectiveness

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	<p>Overall, this goal was met. We trained over 70 teachers in PBL Cohort 3 including sustained support sessions during the school year and on-site PBL facilitators. This will remain an important area to continue next year (and is continued in Goal 2 of the new LCAP for 16-17); however, we will be discontinuing the onsite PBL Facilitators but rather adding Coaching/Mentoring support district wide. Teachers requested continued support for PBL and incorporating the 5C's/Habits of Mind (through a different support model). A PD advisory committee convened and through an accordion process information from staff was solicited and recommendations were made for next year's PD. Suggestions included shifting August PD days (this will be work to consider next year but not implemented until potentially 2017-2018); shifting the Celebration of Innovation out of May (and earlier); continuing to support (and expand) opportunities for teachers to collaborate during their work day; having a single focus for elementary curriculum PD (and Reading was selected). Having consistent opportunities for all to be trained simultaneously (e.g. not have PBL training overlap on August PD days. As such, PBL training will occur in September so as to not conflict). Have "choice and voice" in PD options. Further, continuing to support math teachers will continue next year including Problem Based Learning (PrBL) and Math in Focus (for early adopters K-5). Continue with "strands" for PD on Wednesdays throughout the year. Offering more specific technology trainings throughout the year. Overall, the additional Counseling support was extremely successful in its launch but a consistent implementation model and pre- and post-assessment models will be addressed next year through Goal 1. Also, additional Tech support was hugely valued and this will continue next year as will continuing with literacy/reading support at the elementary sites. PBL is addressed in goal 2 and 3 next year. Academic supports are evident in Goal 1 as well.</p>		

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Original GOAL 3 from prior year LCAP:	Design new structures (schedules, collaboration time, etc.) to support the District's transition to the new P-3, 4-5, and 6-8 schools configurations	Related State and/or Local Priorities: 1 <u>X</u> 2 <u>3</u> <u>X</u> 4 <u>5</u> <u>6</u> <u>7</u> <u>X</u> 8 <u>9</u> COE only: 9 <u> </u> 10 <u> </u> Local : Specify
Goal Applies to:	Schools: All sites (however, this goal is divided by P-3; 4-5 and 6-8 foci)	
	Applicable Pupil Subgroups:	Socio-economically disadvantaged, English Learners, Foster Youth and Special Education
Expected Annual Measurable Outcomes:	School staff (P-3, 4-5 and 6-8) will collaborate regularly in their P-3, 4-5 and 6-8 configurations to design the assessments, curriculum, pedagogy and philosophy of student learning within these new configurations and will craft summary documents to serve as guides for future collaborations.	Actual Annual Measurable Outcomes:
		Staff met and outlined key assessments, curriculum, pedagogy and curriculum for new configurations. Summary "white paper" was created which encompasses these "beliefs."
LCAP Year: 2015-2016		
Planned Actions/Services		Actual Actions/Services
	Budgeted Expenditures	Estimated Actual Annual Expenditures
Pre/TK-4 Sites		
1. Preschool will meet a minimum of 3x/year to collaborate on the 5C's/Habits of Mind and how this integrates into early learning models	\$1,950 (TK/K educators) 1000-1999: Certificated Personnel Salaries Locally Defined	1. Met: created a preschool-TK/K articulation/communication form
2. In collaboration with Legarza, elementary school sites will launch "motor room" PE lessons to support TK and Kindergarten classrooms to support physical development of the young learner	\$1,000 (preschool staff) 2000-2999: Classified Personnel Salaries Locally Defined	2. Met & Exceeded: Motor room is now provided district wide to all TK and K classes. In addition, motor room was added for LEAP preschool and for the Special Day Class at Heather.
3. Co-teachers will be provided with one release day/trimester for co-planning	\$153,000 (Legarza) 5800: Professional/Consulting Services And Operating Expenditures Locally Defined	3. Met
4. School sites will explore alternative opportunities during "recess" (e.g. art, clubs, yoga, Scrap Yard, etc.)	\$5,400 (12 co-teachers x 3 release day sub costs) 1000-1999: Certificated Personnel Salaries Locally Defined	4. Met
5. District will upgrade sites including Heather (LEAP/preschool and MU) and BA (preschool, tinkering lab) to	\$200,000 (White Oaks) \$500,000 (Heather LEAP) \$1,650,000 (Heather MU) \$27,500,000 ("new" Central Middle School)	5. Met: LEAP site completed including outdoor space, MU completed at Heather. BA tinkering lab opened and new furnishing purchased for CMS.
		6. Met and exceeded (all stakeholders met or exceeded the % increase)
		7. \$0

provide 21st century learning environments including facilities, infrastructure and furnishings (e.g. at CMS) 6. Staff, students and parents will report 5 % increase in school climate per survey 7. Re-launch Wellness champions at all sites	Other Bond \$200,000 (Arundel Preschool) \$75,000 (Brittan Acres Preschool) Other Enterprise FUND \$0 (beyond cost of the survey itself) \$0 (Wellness champions)	7. Met: However, staff ended up morphing the wellness champions into Sustainability Champions, district-wide.	
Scope of Service "Elementary" sites" + preschool staff X All OR: _ Low Income pupils _ English Learners _ Foster Youth _ Redesignated fluent English proficient _ Other Subgroups: (Specify)		Scope of Service All OR: _ Low Income pupils _ English Learners _ Foster Youth _ Redesignated fluent English proficient _ Other Subgroups: (Specify)	
4-5 Preparation 1. Construction of the new grade 4-5 school at Arroyo site will be completed in August of 2016, by which time the hiring of staff and the design of the school's climate, curriculum, assessments, schedules, and professional collaboration will be fully developed. This will be measured by completion of the 4-5 school with the key areas explained on its new website. 2. The selected 4/5 teachers will meet with Principal on Special Assignment to outline the design of the school's schedule, curriculum, assessments and professional collaboration/student class size modeling for implementation in the 2016-2017 school year	\$11,500,000 for new "Arroyo 4/5 School" (formal name yet TBD) 6000-6999: Capital Outlay Other Bond \$5,600 1000-1999: Certificated Personnel Salaries Locally Defined \$0 (built in costs) \$2,500 (certificated staff extra hours) 1000-1999: Certificated Personnel Salaries Locally Defined	1. Met: Facilities are on target and on budget. The website is launched and inclusive of the school design and pedagogy. 2. Met: Staff has met on a monthly basis and had two days of focused collaboration time in late May to focus on preparations for next year. 3. Met: Will be part of the new school's schedule/opening (e.g. WildZone) 4. Met & Exceeded: New 5th grade card completed.	\$7,453,402 (Arroyo) Other Bond \$5,700 1000-1999: Certificated Personnel Salaries Base \$4,200 (two days for Arroyo Teachers in June) 1000-1999: Certificated Personnel Salaries Base

3. School sites will explore alternative opportunities during "recess" (e.g. art, clubs, yoga, etc.) 4. Begin work on design of new "report card"			
Scope of Service	4-5 (official site opening at Arroyo in 2016-2017) but prep work also occurring in 2015-2016		
X All OR: — Low Income pupils — English Learners — Foster Youth — Redesignated fluent English proficient — Other Subgroups: (Specify)			
5-8 Sites 1. Middle School teachers (5-8) will meet with Administration to outline the design of the school's schedule, curriculum, assessments and professional collaboration/student class size modeling for implementation in the 2016-2017 school year. Both middle schools will develop a master schedule that allows for more students to access necessary supports (e.g. RTI and ELD classes) and flexibility for full implementation in 2016-2017 2. Staff, students and parents will report 5 % increase in school climate per survey 3. Re-launch Wellness champions at all sites		\$13,905 1000-1999: Certificated Personnel Salaries LCFF Supplemental and Concentration \$36,000 1000-1999: Certificated Personnel Salaries LCFF Supplemental and Concentration \$0 (built in costs to Panorama survey) \$0 (built in costs) 8,500,000 Tierra Linda construction 6000-6999: Capital Outlay Other bond \$620,000 (CMS Furnishings) 6000-6999: Capital Outlay Other bond	1. Met: TL held middle school meetings throughout the year to design Pilot schedule. Pilot held in March for 4 weeks. After stakeholder groups were surveyed, middle school team met to debrief findings. Lead teachers solicited input for 16-17 design of electives and RTI support classes. Pilot was successful in helping to design future scheduling. Central staff also engaged in collaborative conversations and will implement a modified block schedule next year that provides more options for students. Feedback was used to develop master schedules.
			\$13,905 1000-1999: Certificated Personnel Salaries LCFF Supplemental and Concentration \$36,000 1000-1999: Certificated Personnel Salaries Base \$572,389 (Tierra Linda Overall) \$4,091,606 (CMS Overall) Other Bond

		<p>2. Met and exceeded (all stakeholders met or exceeded the % increase)</p> <p>3. Met: However, staff ended up morphing the wellness champions into Sustainability Champions, district-wide.</p>

<p>What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?</p>	<p>The actions/services in this goal were met but continued work will be ongoing as we further develop Pre-3, 4-5, 6-8 visions. We will also be adding a preschool at White Oaks next year and at Arundel the following year. Continued integration and connections is critical to our transition to these new configurations and pedagogy. Much work was done to support the new Arroyo teachers this year and additional supports will be offered to them next year. We will leverage our "lessons learned" from preparations for opening our first 4/5 school as we prepare to opening the second 4/5 in 17-18. Overall, this is critical work and is heavily a part of the new Goal 3 (but also there is some work noted in Goal 2 as well).</p>		

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Original GOAL 4 from prior year LCAP:	Develop plans for having all students engaged in a Personalized Learning Plan process, leveraging a few key areas such as: Math, Homework, and Middle School Electives (including world languages)	Related State and/or Local Priorities: 1 _ 2 <u>X</u> 3 _ 4 <u>X</u> 5 _ 6 _ 7 _ 8 <u>X</u> COE only: 9 _ 10 _ Local : Specify <u>5</u> C's
Goal Applies to:	Schools: All	
	Applicable Pupil Subgroups:	
Expected Annual Measurable Outcomes:	All 5th – 8th grade students whose teachers are participating in the iZone project (approximately 20% of total population) will develop and pilot an annual Personalized Learning Plan with identified learning targets and will collect evidence of and reflect on their progress on their targets, at the end of the school year. Their reflections will be scored on a rubric indicating baseline measures and academic growth. 80% of these students will show significant growth as measured by the rubric.	Actual Annual Measurable Outcomes:
		This was revised and targeted only for 5th grade teachers at CMS who developed personalization for their students and tracked student achievement. They partnered with iHub project to begin developing criteria for judging efficacy of personalized learning platforms. This data is being used but was summarized in a project report. This will continue next year. Having said that, the rubric was not finalized but students did make progress.
LCAP Year: 2015-2016		
Planned Actions/Services		Actual Actions/Services
	Budgeted Expenditures	Estimated Actual Annual Expenditures
1. Staff will create rubric for student reflection on reaching personalized learning targets and students will pilot use during the 2015-2016 school year	\$1,000 1000-1999: Certificated Personnel Salaries Locally Defined	1. Not accomplished. This was tabled due to teacher's needs to focus on other areas.

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	With the exception of creating rubrics, all of the remaining actions/services were either met or partially met. We made headway on this goal as a district, but it remains a critical "lever" in moving our strategic plan forward. As such, a modified version of this goal is evident (Goal 3) in next year's LCAP with continued work on homework/learning outside of the school day, world languages, special education supports, use of data to support instruction and assessment measures targeted. Also, some aspects are embedded in Goal 2 as well.		

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Original GOAL 5 from prior year LCAP:	Engage parents in informing and being informed about all of the above goals, and leverage/engage them as resources to fulfill our vision of "A Team of Educators Broadly Defined", as outlined in the Strategic Plan.	Related State and/or Local Priorities: 1 _ 2 _ 3 <input checked="" type="checkbox"/> 4 _ 5 <input checked="" type="checkbox"/> 6 <input checked="" type="checkbox"/> 7 _ 8 _ COE only: 9 _ 10 _ Local : Specify
Goal Applies to:	Schools: All	
	Applicable Pupil Subgroups:	EL and SPED
Expected Annual Measurable Outcomes:	A baseline, tracking system will be established identifying the number of parents that are engaged in our students' learning, as well as establishing baseline measures of the depth of their participation, with the aim of building an ever-increasing number of parents and community members engaged in our students' learning. A database of parent and community members who can serve as experts or support classroom project based learning will be created. These goals will be measured by completion of these two platforms and Foster-Youth identified a needed resource for struggling families	Actual Annual Measurable Outcomes:
		Attempted to create database but discontinued due challenges and the realization that this is not as useful as anticipated (other means to accomplish this measure were identified); however, Foster Youth resource was completed.
LCAP Year: 2015-2016		
Planned Actions/Services		Actual Actions/Services
	Budgeted Expenditures	Estimated Actual Annual Expenditures
1. Create a dynamic database for establishing parent/guardian participation in school learning	\$0 (built-in to current existing salaries)	Not accomplished. However, staff did attempt to create this database including speaking at PTACC meeting. There are some challenges associated with this concept to bring this to fruition. This has been tabled at this time.

What changes in actions, services, and expenditures will be made as a result of reviewing past progress and/or changes to goals?	With the exception of creating a database, this goal was successfully met as all other actions/services were either partially or fully met. We will continue with Healthy Cities Tutoring next year given its ongoing success; however, it will not be a formal action/target. While our numbers are small, we will continue to support our foster youth-homeless students with a new targeted action (as we successfully completed this year's project). Also, while we made progress with improving our attendance, chronic absenteeism remains an action to continue next year as part of Goal 1 (sense of belonging/engagement) as is access to technology (also under Goal 1 in terms of equitable access). Our wellness work continues to be integrated into our overall support of the "whole child" (as outlined in our Strategic Plan) and this will continue as well and is evident in Goals 1, 2 and 3. Our partnerships with community are important as is our communication with our parent community. The communication audit provided us with great info and this will lead to changes in our communications for next year. In fact, because of our work this year (including the communication audit) and the value of district/home collaboration, next year's LCAP has a communication/engagement action embedded into each of the goals as a separate action/service to ensure a more coordinated effort with all stakeholders.		

Complete a copy of this table for each of the LEA's goals in the prior year LCAP. Duplicate and expand the fields as necessary.

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a school/site in the LCAP year, when using supplemental and concentration funds in a districtwide or schoolwide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district's goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	
<p>As outlined in the Stakeholder Engagement section of this document, our district engaged in a comprehensive process at each site and then at the district level. In addition, we completed data analysis of ongoing measures and new data points (e.g. communication audit) to identify key areas of needs and targets. As noted in our attached chart, there is a substantial gap in academic achievement throughout the grades of our unduplicated students (specifically low socio-economic students and our English Learners) as well as our Foster Youth/Homeless populations (which are smaller in size) (as well as our special education students) as compared to all other students in the District. As such, our supplemental and concentration funds are keenly focused on these subgroups.</p> <p>Our District has referenced the State ELA-ELD Frameworks, the Common Core State Standards (CCSS) for ELA and Math and Next Generation Science Standards (NGSS) and the California Health Standards in our actions and services as we focus on the "whole child" addressing academic, physical and social-emotional wellness.</p> <p>Funds are allocated district-wide because it allows us to support all of our schools in an equitable manner based on site and student needs yet leveraging district-wide programs. The rationale for these allocations is based upon actions/services that were deemed most pivotal in making a difference for student growth.</p> <ul style="list-style-type: none"> Literacy/Reading Support = \$99,86 Reading teachers at each site support students struggling with reading (as well as academic language and writing). This supports English Learners (EL) beyond their integrated English language support provided by the general education elementary teacher. Friendship Counselors at the elementary sites = \$28,250 Expanded counselors/MFT trainee/interns support students' social-emotional well being through preventative curriculum as well as to meet target students mental health needs through intervention programs and in rare circumstances supporting students in crisis. The needs of our students can vary greatly and having staff with expertise to support our students is critical (some of which are our most vulnerable students such as our low socio-economic, foster youth and homeless). Further, it is important that we build a culture where all students feel like they are accepted and belong and this begins in our youngest grades (TK) and is relevant for students through graduation from 8th grade. This is only achievable through a comprehensive and cohesive approach that supports students throughout their entire academic career in the district and programming that is articulated between the grades, and across the schools with multiple tiers of support. Technology Support for Students from Classified employees = \$63,402 Technology Associates on each site allow for us identify apps and programs to meet individual student needs, assists teachers with digital curriculum that differentiates for special populations and English Learners. <p>Professional Development for EL students = \$63,000</p>	
	\$512,515

<ul style="list-style-type: none"> Targeted professional learning for our teachers will support our EL students. This will be a central theme across all professional learning district-wide including specific means to embed in our new Lucy Calkins Readers Workshop curriculum and Writers Workshop trainings. In addition, key strategies for supporting EL students in PBL will be targeted. Further, training for Reading Teachers will include EL strategies too. In addition, our newly adopted K-5 Math curriculum will require extensive PD. It is important to note that Math in Focus (new K-5 Math program) was selected by a Math committee. This involved a comprehensive process and one aspect of the decision to adopt this program was due in part to its clear differentiated curriculum for various subgroups (including EL), it's approach to teaching math, the reteach aspect, the home-school communication and digital components. This will allow us to better support our subgroups with differentiated core math curriculum. 	
<p>Healthy Cities Tutoring (district contribution) to support struggling learners = \$37,500</p> <ul style="list-style-type: none"> The Healthy Cities Tutoring Program provides one-on-one support from community volunteers during the school day but also provides after school support for struggling learners at some school sites. The goal of the Healthy Cities Program is not only to increase the academic success of elementary and middle school students but also it provides social-emotional/self-esteem boost for students as tutors work with students weekly developing a bond with their students. This provides tutoring for target students including low socio-economic students and homeless. 	
<p>Foster Youth-Homeless support = \$2,000</p> <ul style="list-style-type: none"> Our Foster Youth-Homeless Liaison will focus on this special population working to streamline the intake and enrollment process for these special youth. Also, we will work to share resources with them to help families access available community programs. Supporting these students and their families will help them to be in school more often and better able to access their learning. 	
<p>Translation for EL support=\$1,000</p> <ul style="list-style-type: none"> This is specifically targeted at reaching the parents of our EL students whose primary language for communication is not English. Because Spanish is our largest language (aside from English), focusing on increasing our communications in Spanish will help us to reach this specific population. In some cases, these families are also students with low socio-economic situations. 	
<p>EL online program support = \$10,000</p> <ul style="list-style-type: none"> Leveraging programs that can support learning outside the school setting will benefit our EL students in English language/grammar/vocabulary as well as reading. This will support student growth not just in English Language Arts but other core subjects as well. 	
<p>Technology support for students = \$20,502</p> <ul style="list-style-type: none"> Having a specific action of providing equitable access to technology devices so that our low-income and homeless students can fully access their academics both at school and in the home (after school hours) is critical. We also identified the need to not just provide devices but some of these students/families need assistance with accessing reliable and consistent internet services. 	
<p>Books, Supplies and Programs for kids in need=\$186,000</p> <ul style="list-style-type: none"> We identified the need for a variety of curriculum that is used to support students in need. This is a variety of materials including digital intervention resources such as iXL, Front Row, iReady, Newslea, etc. dependent upon the specific needs of these struggling learners. 	
<p>Staff professional development for low income students = \$1,000</p> <ul style="list-style-type: none"> Not only will low-income students benefit from the professional development work with our certificated teachers but also in training of our classified staff including our bus drivers on positive behavioral supports (which will support students who ride the bus as part of the Tinsley Program), Literacy Associates as well as other staff serving these students during school. 	
\$512,515	

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

2.20	%
------	---

All of the identified actions/services support our unduplicated students (exceeds more than a 2.2% increase). We will be providing targeted RTI interventions (e.g. EL teachers directly supporting our English Learners and PD supporting general education teachers to better support an integrated model for our English Learners); Elementary Counselors and MFT interns/trainees support identified students such as Foster Youth and Homeless with extra needed social emotional supports; our reading teachers (and literacy associates) provide literacy and reading intervention including our EL students for primarily reading but also academic language and writing; expanded Technology Associates support teachers including provision of online intervention programs allowing for improved differentiation using technology in the classroom. Technology staff will also support families who might need provision of technology assistance/equipment at home to fully access schoolwork for homework and collaboration with peers after school hours. This is most critical for students such as our homeless students and low socio-economic households. Sites with proportionately higher unduplicated students receive proportionately higher amounts of money to support those students according to their "unduplicated student" count. However, District's contribution supplements so the programs/supports can be offered consistently and equitably district-wide.

While the actions/services in this LCAP outline specific activities that are focused directly at serving these special populations, we encourage the reader to also refer to metrics (attached) that reflect rigorous three year targets to ensure hefty progress for these most at risk students.

Section 4: Expenditure Summary

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

- (a) "Chronic absenteeism rate" shall be calculated as follows:
 - (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
 - (3) Divide (1) by (2).
- (b) "Middle School dropout rate" shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.
- (c) "High school dropout rate" shall be calculated as follows:
 - (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).
- (d) "High school graduation rate" shall be calculated as follows:
 - (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
 - (2) The total number of cohort members.
 - (3) Divide (1) by (2).

(e) "Suspension rate" shall be calculated as follows:

- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
 - (3) Divide (1) by (2).
- (f) "Expulsion rate" shall be calculated as follows:
- (1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
 - (3) Divide (1) by (2).
