Each master contract shall specify the general administrative and financial agreements for providing the special education and designated instruction and services, including student-teacher ratios, as well as transportation if specified in a student's individualized education program (IEP). The administrative provisions of the contract shall include procedures for recordkeeping and documentation, and the maintenance of school records by the district to ensure that appropriate high school graduation credit is received by any participating student. The contract may allow for partial or full-time attendance at the nonpublic, nonsectarian school. (Education Code 56366)

(cf. 3541.2 - Transportation for Students with Disabilities)

(cf. 3580 - District Records)

(cf. 5125 - Student Records)

The master contract shall include a description of the process to be utilized by the district to oversee and evaluate placements in nonpublic, nonsectarian schools. This description shall include a method for evaluating whether each student is making appropriate educational progress. (Education Code 56366)

With mutual agreement of the district and a nonpublic, nonsectarian school or agency, changes may be made to the administrative and financial agreements in the master contract at any time, provided the change does not alter a student's educational instruction, services, or placement as outlined in his/her individual services agreement. (Education Code 56366)

Placement and Services

The Superintendent or designee shall develop an individual services agreement for each student to be placed in a nonpublic, nonsectarian school or agency based on the student's IEP. Each individual services agreement shall specify the length of time authorized in the student's IEP for the nonpublic, nonsectarian school services, not to exceed one year. Changes in a student's educational instruction, services, or placement shall be made only on the basis of revisions to the student's IEP. (Education Code 56366)

(cf. 6159 - Individualized Education Program)

The IEP team of a student placed in a nonpublic, nonsectarian school or agency shall annually review the student's IEP. The student's IEP and individual services agreement shall specify the review schedules. (5 CCR 3069)

**NONPUBLIC, NONSECTARIAN SCHOOL AND AGENCY SERVICES FOR
SPECIAL EDUCATION (continued)**

Prior to the annual review of a student's IEP, the Superintendent or designee shall notify any high school district to which the student may transfer of the student's enrollment in a nonpublic, nonsectarian school or agency. (5 CCR 3069)

When a special education student meets the district requirements for completion of prescribed course of study as designated in the student's IEP, the district shall award the student a diploma of graduation. (5 CCR 3070)

(cf. 6146.4 - Differential Graduation and Competency Standards for Individuals with Exceptional Needs)

Out-of-State Placements

Before contracting with a nonpublic, nonsectarian school or agency outside California, the Superintendent or designee shall document the district's efforts to find an appropriate program offered by a nonpublic, nonsectarian school or agency within California. (Education Code 56365)

Within 15 days of any decision for an out-of-state placement, the student's IEP team shall submit to the Superintendent of Public Instruction a report with information about the services provided by the out-of-state program, the related costs, and the district's efforts to locate an appropriate public school or nonpublic, nonsectarian school or agency within California. (Education Code 56365)

If the district decides to place a student with a nonpublic, nonsectarian school or agency outside the state, the district shall indicate the anticipated date of the student's return to a placement within California and shall document efforts during the previous year to return the student to California. (Education Code 56365)

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS

The Governing Board desires that district instructional materials, as a whole, present a broad spectrum of knowledge and viewpoints, reflect society's diversity, and enhance the use of multiple teaching strategies and technologies. The Board shall adopt instructional materials based on a determination that such materials are an effective learning resource to help students achieve grade-level competency and that the materials meet criteria specified in law. Textbooks, technology-based materials, and other educational materials shall be aligned with state academic content standards and the district's curriculum to ensure that they effectively support the district's standards and strategic plan.

(cf. 0440 - District Technology Plan)

(cf. 6000 - Concepts and Roles)

(cf. 6011 - Academic Standards)

(cf. 6141 - Curriculum Development and Evaluation)

(cf. 6143 - Courses of Study)

(cf. 6161.11 - Supplementary Instructional Materials)

(cf. 6162.5 - Student Assessment)

(cf. 6163.1 - Library Media Centers)

(cf. 9000 - Role of the Board)

The Board shall select instructional materials for use in grades K-8 that have been approved by the State Board of Education (SBE) or have otherwise been determined to be aligned with the state academic content standards adopted pursuant to Education Code 60605 or the Common Core Standards adopted pursuant to Education Code 60605.8. (Education Code 60200, 60210)

The Board's priority in the selection of instructional materials is to ensure that all students are provided with standards-aligned instructional materials in the core curriculum areas of English/language arts, mathematics, science, and history-social science.

Review Process

The Superintendent or designee shall establish a process by which instructional materials shall be reviewed for recommendation to the Board. Toward that end, he/she may establish an instructional materials review committee to evaluate and recommend instructional materials.

(cf. 1220 - Citizen Advisory Committees)

This process shall involve teachers in a substantial manner and shall also encourage the participation of parents/guardians and community members. (Education Code 60002)

In addition, the instructional materials review committee may include administrators, other staff who have subject-matter expertise, and students as appropriate.

If the district chooses to use instructional materials for grades K-8 that have not been adopted by the SBE, the Superintendent or designee shall ensure that a majority of the participants in the district's review process are classroom teachers who are assigned to the subject area or grade level of the materials. (Education Code 60210)

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS (continued)

Individuals who participate in the selection or review of instructional materials shall not have a conflict of interest, as defined in administrative regulation, in the materials being reviewed.

(cf. 9270 - Conflict of Interest)

The committee shall review instructional materials using criteria provided in law and administrative regulation, and shall provide the Board with documentation supporting its recommendations.

All recommended instructional materials shall be available for public inspection at the district office.

(cf. 5020 - Parent Rights and Responsibilities)

The Board's priority in the selection of instructional materials is to ensure that all students in grades TK-8 are provided with instructional materials that are aligned to state content standards, Common Core State Standards (CCSS), and Next Generation Science Standards (NGSS) in the core curriculum areas of reading/language arts, mathematics, science, and history-social science..

The district may pilot instructional materials, using a representative sample of classrooms for a specified period of time during a school year, in order to determine how well the materials support the district's curricular goals and academic standards. A summary of feedback from teachers piloting the materials shall be made available to the Board before the materials are adopted.

Public Hearing on Sufficiency of Instructional Materials

The Board shall annually conduct one or more public hearings on the sufficiency of the district's textbooks and other instructional materials. (Education Code 60119; 5 CCR 9531)

The hearing shall be held on or before the end of the eighth week from the first day students attend school for that year. (Education Code 60119)

The Board encourages participation by parents/guardians, teachers, interested community members, and bargaining unit leaders at the hearing. Ten days prior to the hearing and in three public places within the district, the Superintendent or designee shall post a notice containing the time, place, and purpose of the hearing. The hearing shall not take place during or immediately following school hours. (Education Code 60119)

(cf. 9322 - Agenda/Meeting Materials)

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS (continued)

At the hearing(s), the Board shall determine, through a resolution, whether each student in each school, including each English learner, has sufficient textbooks or instructional materials which are aligned to the state content standards adopted pursuant to Education Code 60605 or the Common Core Standards and Next Generation Science Standards adopted pursuant to Education Code 60605.8 and which are consistent with the content and cycles of the state's curriculum frameworks. Sufficiency of instructional materials shall be determined in each of the following subjects: (Education Code 60119)

1. Mathematics

(cf. 6142.92 - Mathematics Instruction)

2. Science

(cf. 6142.93 - Science Instruction)

3. History-social science

(cf. 6142.94 - History-Social Science Instruction)

4. English/language arts, including the English language development component of an adopted program

(cf. 6142.91 - English/Language Arts Instruction)

5. Foreign language

(cf. 6142.2 - World/Foreign Language Instruction)

6. Health

(cf. 6142.8 - Comprehensive Health Education)

The Board shall also make a determination that all students within the district who are enrolled in the same course have "identical" standards-aligned textbooks or instructional materials from the same adoption cycle, as defined in Education Code 1240.3, 60119, and 60422. (Education Code 1240.3, 42605)

In making these determinations, the Board shall consider whether each student has sufficient textbooks and/or instructional materials to use in class and to take home. However, this does not require that each student have two sets of materials. The materials may be in a digital format as long as each student, at a minimum, has and can access the same materials in the class and to take home as all other students in the same class or course in the district and has the ability to use and access them at home. However, the materials shall not be considered sufficient if they are photocopied sheets from only a portion of a textbook or instructional materials copied to address a shortage. (Education Code 60119)

SELECTION AND EVALUATION OF INSTRUCTIONAL MATERIALS (continued)

If the Board determines that there are insufficient textbooks and/or instructional materials, the Board shall provide information to classroom teachers and to the public setting forth, for each school in which an insufficiency exists, the percentage of students who lack sufficient standards-aligned textbooks and/or instructional materials in each subject area and the reasons that each student does not have sufficient textbooks and/or instructional materials. The Board shall take any action, except an action that would require reimbursement by the Commission of State Mandates, to ensure that each student has sufficient materials within two months of the beginning of the school year in which the determination is made. (Education Code 60119)

Complaints

Complaints concerning instructional materials shall be handled in accordance with law, Board policy, and administrative regulation.

SUPPLEMENTARY INSTRUCTIONAL MATERIALS

The Governing Board encourages teachers to use supplementary instructional materials which are relevant to curriculum objectives and compatible with district goals and objectives. By using such materials, teachers can introduce content and instructional strategies that enrich the curriculum, enhance learning, help students make critical judgments, and stimulate their intellectual growth.

Teachers shall carefully preview all supplementary instructional materials in order to ensure that, in their professional judgment, the materials are:

1. Directly related to the course of study in which they are being used
2. Appropriate for students' ages and maturity levels

Supplementary instructional materials must also be consistent with criteria developed for the selection and evaluation of other instructional materials. If the teacher believes that the materials may be in conflict with district criteria, the teacher shall confer with the principal or designee before using them.

When using supplementary materials, teachers shall provide appropriate introductory and follow-up activities. In addition, teachers shall ensure that supplementary materials do not supplant the use of basic texts or teaching activities.

All materials must be used within legal copyright limits.

Videos

When a teacher desires to show a video that has not been approved by the district or county for use in the grade level taught, the teacher shall preview the video to determine whether in his/her professional judgment it is consistent with district criteria for the selection of instructional materials. All video must be appropriate for the curriculum and the students' ages, and consistent with the Board Policy on use of Movies and Multi-Media (BP 6162.12).

If the teacher has any questions about how established district criteria apply to the video, he/she shall confer with the principal or designee before showing the video.

COURT DECISIONS

McCarthy v. Fletcher, (1989) 207 Cal. App. 3d 130

MULTI MEDIA IN THE CLASSROOM

The Board believes that forms of multi-media are important tools in the educational process. For the purpose of this policy, multi-media can include: movies, Internet based video, audio, or related applications, television, radio and educational films. Also, for the purpose of this policy, the terms “media” and “multi-media” are interchangeable and synonymous. The use of multi-media should be limited so that they are used legally and appropriately in achieving legitimate educational objectives that are specific to instruction and not solely for entertainment purposes.

It is the responsibility of each site administrator to ensure that all District educators are aware of this Board Policy and Administrative Regulations. Site administrators will also be responsible for monitoring and supporting educators with the appropriate use of media in the classroom.

MULTI MEDIA IN THE CLASSROOM

It is the District policy to establish course curriculum. Therefore, the following guidelines represent the implementation of Board Policy regarding how and when multi-media may be used as part of an instructional strategy to supplement approved course curriculum.

1. Educational Relevance and Purpose

1.1 The use of multi-media **MUST** be limited to specific educational purposes, except as noted below. Multi-media shall not be used during class time unless all of the following is true

- Its content is relevant to the curriculum and specific educational objectives
- It is appropriate to the age and maturity of the students
- It is a productive use of instructional time and
- It will not cause classroom disruption.

1.2 Educators and other school officials who violate this policy may face appropriate disciplinary action.

Roberts v. Rapides Parish Sch. Bd. 617 So.2d 187, 188-189 (La. Ct. App. 1993)

1.3 On occasion, not to exceed once per trimester, educators may use multi-media (i.e. a movie) for entertainment purposes as part of a classroom celebration with prior approval of the principal and notification of parents (as per section 3.7 below). Under special circumstances, an educator may be allowed to exceed this limitation with permission from the school's principal.

2. Copyright

2.1 **Rented or Privately Owned Materials:** All district employees must comply with federal copyright laws as well as publisher licensing agreements. A rented or privately owned piece of multi-media may only be shown in the classroom providing the following "fair use" requirements are satisfied:

- 2.1.1 Multi-media materials must be used in the course of face-to-face teaching activities in a classroom or similar place devoted to instruction; and
- 2.1.2 The presentation of multi-media must be directly related and of material assistance to the curriculum and lesson objectives.

Under both copyright law and this policy, educators may only show movies in the classroom that are educational relevant, i.e., directly related to the curriculum and specific educational objective.

MULTI MEDIA IN THE CLASSROOM (continued)

3. Criteria, Approval and Notification

- 3.1 Professional educators bear responsibility to ensure that educational activities and support materials are relevant to the curriculum, appropriate for the age and maturity of students, and consistent with specific educational objectives. This will be accomplished by educators when they have previewed materials prior to showing it to students.
- 3.2 Videos available through School Media Centers constitute the primary resource of audiovisual support materials and should be considered first by educators who want to show movies or videos in the classroom.
- 3.3 Media that falls outside the aforementioned shall be approved at the school level under the direction of the school administrator.
- 3.4 School Administrators shall consider the following criteria when determining the appropriateness of media:
 - 3.4.1 The age, maturity and sophistication of the group of students.
 - 3.4.2 The MPAA rating of television parental guidelines rating.
 - 3.4.3 The presence of profanity, sexual content, prejudicial stereotypes, smoking drinking alcohol, violence, or other adult themes
 - 3.4.4 The course curriculum, and educational benefit
 - 3.4.5 The availability of alternative sources to accomplish educational objectives,
- 3.5 If the piece of media is approved by the school-level review process, the educator must notify the parents or legal guardian in accordance with this policy's notification procedure (section 3.7 below), if the movie carries and MPAA rating of PG or PG-13, if it carries any television parental guidelines rating of TV-PG, or TV-14, or if it is unrated but contains material that a reasonable adult would consider inappropriate for students of the intended audience. In the rare instance in grades 7 and 8 that a TV-MA rated or R rated piece of media is being considered for curricular purposes the educator will preview it, consult with the principal and seek parent permission before the media is shown to students.
- 3.6 The school-level review process allows for previously approved media to be shown subsequently in the same school to students similarly situated, without renewing the review process. Educators will be given a list of previously approved media.
- 3.7 When such notification to parents is required, it may be published in course descriptions that are reviewed by parents at the beginning of each school year or semester or done on an ad hoc basis. In the event that an educator plans a movie for entertainment purposes, educators will do a separate notification to parents.

MULTI MEDIA IN THE CLASSROOM (continued)

3.7.1 If, upon notification, a parent/guardian objects to their student's viewing of a piece of multi-media and personally communicates such objection to the educator or administrator, the educator shall not allow the student to view the movie. In such cases, an alternate activity will be provided for one child.

- 3.8 Nothing in this policy grants parents, students or school staff the authority to prohibit an approved movie's showing based solely on individual objections. At the same time, while waivers are available, educators should be sensitive to individual complaints and take all reasonable steps to resolve complaints equitable in a manner that would allow the child full participation in the curriculum.

4. Appeals

- 4.1 An educator, student or parent may seek review of a decision by the school-level process by submitting a written appeal in accordance with the appeals process established at the school. For example, appeals might be submitted to a school standards committee, community council etc Appeals may not be reviewed or acted upon by any individual or group that has made the initial decision as part of the school-level review process.
- 4.2 An educator, student or parent may seek review of a school-level appeal by submitting a written appeal to the Superintendent or his designee.
- 4.3 Any party dissatisfied with the decision of the principal or Superintendent may appeal in writing to the Governing Board.

5. Monitoring Responsibility and Review

- 5.1 The Superintendent and/or designees will be responsible for monitoring compliance with this policy.
- 5.2 A committee shall meet as needed to review this policy's effectiveness and modify it accordingly.

DAMAGED OR LOST INSTRUCTIONAL MATERIALS

The Governing Board recognizes that instructional materials are an expensive resource and that each student is entitled to sufficient instructional materials in accordance with law. Instructional materials provided for use by students remain the property of the district. Students are responsible for returning borrowed materials in good condition, with no more wear and tear than usually results from normal use.

(cf. 1312.2 - Complaints Concerning Instructional Materials)
(cf. 1312.4 - Williams Uniform Complaint Procedures)
(cf. 3260 - Fees and Charges)
(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

When materials are lost or so damaged that they are no longer usable, the student shall be immediately issued a replacement material. However, students or parents/guardians shall be responsible for reparation equal to the current replacement cost of the materials. When materials are damaged but still usable, the Superintendent or designee shall determine an appropriate charge.

If it can be demonstrated to the Superintendent or designee's satisfaction that the student has taken all reasonable precautions to safeguard instructional materials issued to him/her, the Superintendent or designee may excuse the student or parent/guardian from payment of reparation.

If reparation is not excused and not paid by the student or parent/guardian, the district may withhold the student's grades, diploma and transcripts in accordance with law, Board policy, and administrative regulation.

TOXIC SUPPLIES

The Governing Board recognizes its responsibility to protect the health and safety of students in the selection of materials used for instruction in all studies, including arts and crafts activities.

The Superintendent or designee shall develop procedures for the purchase, use and proper disposal of materials which ensure that the health and safety of students is protected from harmful exposure to toxic substances in accordance with Education Code 32064 and established health standards.

The Superintendent or designee shall ensure that material purchased for use by students in grades K-6 will not contain toxic substances or cause chronic illness as determined by the State Department of Health Services.

Students in grades 7-8 are considered able to read and understand product labels and to take adequate precautions to use products which are prohibited for use in grades K-6. The Superintendent or designee shall ensure that materials purchased for use in grades 7-8 meet the requirements of Education Code 32065. The products must be properly labeled to identify toxic ingredients, warn of potential adverse health effects and describe procedures for safe use and storage.

(cf. 3553 - Free and Reduced Price Meals)

In addition, the Superintendent or designee shall arrange for the testing of students in any alternative education program or program conducted off campus, including, but not limited to, non-classroom based programs, continuation schools, independent study, community day schools, county community schools, juvenile court schools, or nonpublic, nonsectarian schools. No test shall be administered in a home or hospital except by a test examiner. (5 CCR 851)

(cf. 0420.4 - Charter School Authorization)

(cf. 0420.41 - Charter School Oversight)

(cf. 6158 - Independent Study)

(cf. 6159.2 - Nonpublic, Nonsectarian School and Agency Services for Special Education)

(cf. 6181 - Alternative Schools/Programs of Choice)

As appropriate, the Superintendent or designee shall assign a specially trained district employee to serve as a test proctor to assist the test examiner; a specially trained district employee, or other person supervised by a district employee, to serve as a translator to translate the test directions into a student's primary language; and a district employee to serve as a scribe to transcribe a student's responses to the format required by the test. A student's parent/guardian shall not be eligible to be that student's translator or scribe. (5 CCR 850)

Test coordinators, examiners, proctors, translators, and scribes shall sign a test security agreement or affidavit. (5 CCR 859)

STATE ACADEMIC ACHIEVEMENT TESTS (continued)

Tests Included in the State Assessment System

The district shall administer the following assessments in the California Assessment of Student Performance and Progress (CAASPP): (Education Code 60640)

1. The Smarter Balanced Assessment Consortium summative assessments for English language arts and mathematics, aligned with Common Core State Standards, in grades 3-8

(cf. 6142.91 - Reading/Language Arts Instruction)

(cf. 6142.92 - Mathematics Instruction)

All students at the applicable grade levels shall be administered these tests, except that:

- a. Recently arrived English learners, defined pursuant to Education Code 60603 as English learners who are in their first 12 months of attending a school in the United States, shall be exempted from taking the English language arts assessment to the extent allowed by federal law.

(cf. 6174 - Education for English Language Learners)

- b. Students with disabilities who are unable to participate in these assessments, even with the resources described in the section "Testing Variations" below, may be provided an alternate test in accordance with their individualized education program (IEP), as provided in item #3 below.

(cf. 6159 - Individualized Education Program)

(cf. 6164.6 - Identification and Education Under Section 504)

2. Science assessments at grades 5, 8

(cf. 6142.93 - Science Instruction)

3. For students with disabilities who are unable to take the tests specified in items #1-2 above even with appropriate accommodations or other testing resources:

- a. California Alternate Assessment in English language arts and mathematics
- b. For the science assessment, either the California Alternate Performance Assessment or California Modified Assessment, in accordance with the student's IEP

In addition, the Superintendent or designee may administer a primary language assessment to English learners in grades 2-11. Administration of this test shall not replace the administration of the above tests, administered in English, to English learners. (Education Code 60640)

STATE ACADEMIC ACHIEVEMENT TESTS (continued)

The primary language assessment also may be used to assess students in a dual language immersion program who are not limited English proficient or who are redesignated fluent English proficient, subject to the approval of the California Department of Education (CDE) of an agreement between the district and the state testing contractor. (Education Code 60640)

Exemptions

Each year the Superintendent or designee shall notify parents/guardians of their child's participation in the CAASPP and of the provisions of Education Code 60615 related to exemptions from testing. (5 CCR 852)

(cf. 5145.6 - Parental Notifications)

A parent/guardian may annually submit to the school a written request to excuse his/her child from any or all parts of the CAASPP assessments for the school year, and such a request shall be granted by the Superintendent or designee. However, district employees shall not solicit or encourage any exemption request on behalf of any student or group of students. (Education Code 60615; 5 CCR 852)

If a parent/guardian submits an exemption request after testing has begun, any test(s) completed before the request is submitted will be scored and the results reported to the parent/guardian and included in the student's records. (5 CCR 852)

Testing Period

The Superintendent or designee shall establish testing days for district students within the following testing windows: (5 CCR 855)

1. Assessments in English language arts and mathematics shall not be administered until at least 66 percent of the school's annual instructional days have been completed for grades 3-8, and may continue up to and including the last day of instruction for the regular school calendar.
2. Alternate assessments for students with disabilities and science assessments for all students shall be administered during a testing window of 25 instructional days that includes 12 instructional days before and after completion of 85 percent of the school's, track's, or program's instructional days.
3. The primary language assessment shall be administered to English learners within the testing window specified in item #2.

Students who are absent during testing shall be provided an opportunity to take the tests within the testing window.

STATE ACADEMIC ACHIEVEMENT TESTS (continued)

Testing Variations

Assessments shall be administered in accordance with the manuals or other instructions provided by the test contractor and CDE, except that, as appropriate, students may be provided universal tools, designated supports, and/or accommodations during testing that are specifically allowed pursuant to 5 CCR 853.5 or 853.7. (5 CCR 850, 853.5, 853.7)

Designated supports or accommodations provided to students with disabilities shall be those specified in their IEP or Section 504 plan. (5 CCR 850, 853.5)

If a resource has not been specifically identified in 5 CCR 853.5 or 853.7 but is regularly used by a student in the classroom for instruction and/or assessment, the district or school site test coordinator may submit a written request to the CDE for approval to use that individualized aid. He/she shall submit the request at least 10 business days prior to the student's first day of CAASPP testing. (5 CCR 853.5)

Report of Test Results

For any state assessments that produce valid individual student results, the Superintendent or designee shall forward or transmit the student's test results to his/her parents/guardians within 20 working days from receipt of the results from the test contractor or, if the district receives the results from the contractor after the last day of instruction for the school year, then within the first 20 working days of the next school year. The report shall include a clear explanation of the purpose of the test, the student's score, and its intended use by the district. An individual student's scores shall also be reported to his/her school and teacher(s) and shall be included in his/her student record. (Education Code 60641; 5 CCR 863)

(cf. 5125 - Student Records)

With parent/guardian consent, the Superintendent or designee may release a student's test results to a postsecondary educational institution for the purposes of credit, placement, determination of readiness for college-level coursework, or admission. (Education Code 60641)

The Superintendent or designee shall present districtwide, school-level, and grade-level results to the Governing Board at a regularly scheduled meeting. The Board shall not receive individual students' scores or the relative position of any individual student. (Education Code 49076, 60641)

TEST INTEGRITY/TEST PREPARATION

The Governing Board desires to protect the integrity of student assessments in order to obtain accurate and reliable student achievement data and to ensure accountability to the community and state. Staff and students shall maintain a high level of integrity in the completion and handling of student assessments.

(cf. 0500 - Accountability)

(cf. 4119.21/4219.21/4319.21 - Professional Standards)

(cf. 5131 - Conduct)

(cf. 5131.9 - Academic Honesty)

(cf. 6162.5 - Student Assessment)

(cf. 6162.51 - State Academic Achievement Tests)

In administering standardized tests, staff shall not engage in any acts that could result in the invalidation of test results, such as:

1. Providing inappropriate test preparation
2. Modifying test administration procedures, except as allowed by law
3. Providing inappropriate assistance to students during test administration
4. Changing or filling in answers on student answer sheets
5. Providing inaccurate data on student header sheets
6. Discouraging or excluding certain students from taking the test
7. Engaging in any other practice to artificially raise student scores without actually improving underlying student achievement

Appropriate Test Preparation

The Superintendent or designee, principals, and teachers shall not implement any program for the sole purpose of test preparation of students for the statewide assessment system or a particular test used in the statewide assessment system. (Education Code 60611)

The primary preparation for assessments shall be high-quality instruction in the content specified in state and district academic standards. In addition, staff may prepare students for assessments by teaching general test-taking strategies and familiarizing them with item types or the computer-based testing environment used in state assessments.

(cf. 6011 - Academic Standards)

TEST INTEGRITY/TEST PREPARATION (continued)

Investigation and Consequences of Testing Irregularities

Reports of cheating on assessments shall be submitted to the Superintendent or designee. The Superintendent or designee shall immediately investigate with due diligence any reports of inappropriate test preparation or other testing irregularities.

USE OF COPYRIGHTED MATERIALS

The Governing Board recognizes that district staff and students may use a variety of copyrighted materials in the educational program and other district operations. When such materials have not been purchased by the district for the intended use, the Board expects staff and students to respect the protections afforded by federal law to the copyright owners of those materials and respect any limitations by the copyright holder to the license of such materials.

(cf. 6161.11 - Supplementary Instructional Materials)
(cf. 6163.1 - Library Media Centers)

Any literary, musical, dramatic, choreographic, pictorial, graphic, sculptural, audiovisual or motion picture, sound, architectural, or other original work shall be assumed to be a copyrighted work, regardless of whether the work appears in print, audio, video, electronic, or other fixed and tangible form.

Before reproducing a copyrighted material for instructional or other district purposes, a staff member shall determine if the material is in the public domain or if the intended use of the material meets the criteria for fair use as defined in 17 USC 107 and described in subsequent administrative regulation or another exception pursuant to 17 USC 107-122. If the material is not in the public domain or no recognized exception applies, the staff member shall seek permission of the copyright holder before using the material.

The Superintendent or designee shall inform staff that inclusion of an attribution citing the author and source of a copyrighted material does not absolve the staff member from the responsibility to either obtain permission or satisfy criteria for fair use or another exception.

If a staff member is uncertain as to whether the intended use of the material meets the criteria for fair use or another exception, he/she shall take the safest course and seek permission from the copyright holder to use the material or, if it is impracticable to obtain permission, shall contact the Superintendent or designee for clarification and assistance.

Students shall not copy or distribute copyrighted works to others. Staff members shall take reasonable precautions to prevent copying or the use of unauthorized copies on school equipment.

USE OF COPYRIGHTED MATERIALS

Prior to reproducing, distributing, displaying, posting, performing, or otherwise using a copyrighted material for an instructional purpose or in the course of other district business, district staff shall determine whether it is necessary to request permission of the copyright holder. Unless the staff member is reasonably certain that the material is in the public domain or the intended use meets the criteria for an exception specified in 17 USC 107-122 and this administrative regulation, he/she shall either obtain permission from the copyright holder or avoid use of the material. In addition, permission of the copyright holder shall be requested whenever district staff intend to publicly disseminate a copyrighted work, such as by posting on the district or school web site or using another method of communications accessible to the public.

(cf. 6163.1 - Library Media Centers)

Any reproduction or other use of a copyrighted work shall include the copyright notice.

District staff shall not reproduce and distribute copyrighted works of any type in any of the following circumstances:

1. When the copyrighted work is a "consumable" work such as a workbook, standardized test, answer sheet, or similar material
2. To substitute for the purchase of the work
3. To create, replace, or substitute for anthologies or collective works

Request for Permission to Use Copyrighted Material

As necessary, district staff desiring to use a copyrighted material shall identify and contact the copyright holder to request permission to use the material. The request shall include the following information:

1. Title, author(s), editor(s) or publisher, producer(s) or distributor
2. Edition, copyright, and/or production year
3. Exact amount of material to be used, such as the number of lines, pages, or chapters or percentage of the work

USE OF COPYRIGHTED MATERIALS (continued)

4. Nature of the use, such as the course in which it will be used, the grade level of the students, the number of students, and the frequency of use
5. How the material will be reproduced and distributed

If the copyright holder requires a fee to grant permission, district staff shall seek approval from the Superintendent or designee prior to incurring the cost.

Criteria for Fair Use

In considering whether a copyrighted work may be used without the copyright holder's permission on the grounds that the intended use is "fair use" pursuant to 17 USC 107, including reproduction in copies, phonorecords, or any other reproductive form for purposes such as criticism, comment, news reporting, teaching (including multiple copies for classroom use), scholarship, or research, district staff shall consider all of the following factors: (17 USC 107)

1. The purpose and character of the use, including whether the use is of a commercial nature or for nonprofit educational purposes
2. The nature of the copyrighted work
3. The amount and substantiality of the portion used in relation to the copyrighted work as a whole
4. The effect of the use upon the potential market for or value of the copyrighted work

Any determination of fair use shall weigh together all the factors specified in items #1-4 above in addition to any applicable guidelines presented in this administrative regulation for specific types of copyrighted works.

Guidelines for Copying Text

Staff may reproduce text from a copyrighted work from a printed resource, the Internet, or other source, without permission from the copyright holder, under the following conditions:

1. A single copy of a chapter of a book, article from a periodical or newspaper, short story, short essay, short poem, chart, graph, diagram, drawing, cartoon, or picture may be made by or for a teacher for his/her scholarly research or use in teaching or preparation to teach a class.
2. Multiple copies, not to exceed one copy per student in a course, may be made by or for a teacher for classroom use or discussion, provided that:

USE OF COPYRIGHTED MATERIALS (continued)

- a. The amount to be copied does not exceed:
 - (1) 250 words for a complete poem or excerpt from a poem
 - (2) 2,500 words for a complete article, story, or essay
 - (3) 1,000 words or 10 percent of the whole (with a minimum of 500 words), whichever is less, for an excerpt from a larger prose work
 - (4) One illustration (e.g., chart, graph, diagram, cartoon, or picture) per book or periodical issue
- b. The copying is for only one course in the school.
- c. With the exception of newspapers and other news periodicals, not more than one work is copied from the same author per term, not more than three works are copied from the same collective work or periodical volume per term, and there are no more than nine instances of multiple copying per course per term.
- d. A delay to request permission from the copyright holder would preclude the most effective instructional use of the material.

Guidelines for Reproducing Sheet and Recorded Music

District staff may reproduce sheet music and recorded music without permission from the copyright holder under the following conditions:

- 1. Emergency copies may be made when purchased copies needed for an imminent performance are not available, provided that replacement copies shall be purchased in due course.
- 2. Single or multiple copies of excerpts of works may be made for academic purposes other than performances, provided that the excerpt does not constitute an entire performable unit (e.g., a section, movement, or aria), no more than 10 percent of the total work is used, and the number of copies made does not exceed one per student.
- 3. Printed copies that have been purchased may be edited or simplified provided that the character of the work is not distorted and lyrics are not added or altered.
- 4. A single copy of a recorded performance by students may be made for evaluation or rehearsal purposes.

USE OF COPYRIGHTED MATERIALS (continued)

5. A single copy of recordings of copyrighted music owned by the district or individual teacher may be made for the purpose of constructing exercises or examinations.
6. The use of such recordings complies with the Board policy on Movies and Multi-Media (BP 6161.12)

Guidelines for Performing or Displaying Copyrighted Works

In the course of face-to-face instruction in a classroom or similar place devoted to instruction, teachers or students may recite, render, play, dance, act, or show a copyrighted work either directly or by means of any device or process or, in the case of a motion picture or other audiovisual work, show its images in any sequence or to make the sounds accompanying it audible, provided that: (17 USC 101, 110)

1. The performance or display is given by means of a lawfully obtained copy of the work.
2. The performance or display is made by, at the direction of, or under the actual supervision of a teacher as an integral part of a class session.
3. The performance or display is directly related and of material assistance to the teaching content of the transmission.
4. The transmission is limited to students enrolled in the course or to Governing Board members or employees as part of their official duties or employment.
5. If the work is to be digitally transmitted, the district has applied technological protections that reasonably prevent retention of the work in accessible form for longer than the class session and the unauthorized further dissemination of the work.

Any use of a motion picture or other audiovisual work outside the curriculum, such as for entertainment, a school or class reward, or a fundraiser, shall require permission from the copyright holder or a special viewing license.

Guidelines for Recording Broadcast Programming

Teachers may make recordings of television programs for use in a classroom for educational purposes under the following conditions:

1. Only programs provided to the public free of charge may be recorded and shown. Any use of programming from paid television services shall require permission of the copyright holder.

USE OF COPYRIGHTED MATERIALS (continued)

2. The recording may be shown only during the first 10 consecutive school days after it is made. It may be used once by an individual teacher in the course of relevant teaching activities and may be repeated once only when instructional reinforcement is necessary.
3. A limited number of copies may be reproduced from each recording to meet the legitimate needs of the teacher. Each copy shall be subject to all the provisions governing the original recording.
4. The recording may be retained for 45 calendar days after it is made and then shall be erased or destroyed. However, after the first 10 consecutive school days, the recording may only be used for purposes of determining whether or not to include the broadcast program in the teaching curriculum. If the teacher decides to keep the program for use in the curriculum, he/she shall request permission from the copyright owner.
5. Off-air recordings need not be used in their entirety, but the content of recorded programs may not be altered.

Guidelines for Copying Computer Programs or Software

District staff shall observe all licensing agreements between vendors and the district, including monitoring the number of users permitted by an agreement. Unless the applicable licensing agreement authorizes multiple users of a single computer program or software, the district shall not make multiple copies.

Copies of district-owned software may be made under either of the following conditions: (17 USC 117)

1. The copy is needed as an essential step in using the computer program with a particular machine.
2. The copy is used for archival or "backup" purposes only. This copy may be held only as a file copy and must be destroyed in the event that continued possession of the program ceases to be rightful, unless the copyright owner authorizes its sale, lease, or transfer as part of the sale, lease, or transfer of the original program.

RESEARCH

The Governing Board recognizes the value of academic research to improve educational programs and practices. Researchers shall respect the privacy rights of students, including their right to refrain from participation in research projects in accordance with law, Board policy and administrative regulation.

The Superintendent or designee may authorize research projects within the district by outside groups or persons when such research is aligned with district goals and objectives and is likely to benefit the district without disrupting the school program.

(cf. 0100 - Philosophy)

(cf. 0200 - Goals for the School District)

RESEARCH

The Governing Board respects the value of academic research to improve educational programs and practices. Researchers must respect the privacy rights of students, including their right to refrain from participation in research projects.

The Superintendent or designee may authorize research projects within the district by outside groups or persons when such research coincides with district goals and is likely to benefit the district without disrupting the normal school program or making undue demands upon staff time. Requests for information and demonstration of district programs should not limit staff members' ability to fulfill their regular duties.

Persons or groups wishing to use district staff, students or property in connection with an academic research project shall submit to the Superintendent or designee a written proposal which includes:

1. Name of researcher(s) and academic credentials
2. Purpose and scope of the project
3. Method of study or investigation to be used
4. Extent of participation expected of students and staff
5. Use to which project results will be put
6. Benefits to the school(s) or the district

The Superintendent or designee shall evaluate the extent to which the proposal:

1. Shows potential for improving instructional programs and strategies
2. Addresses a relevant educational problem, concern or issue
3. Is designed to minimize interruptions and demands upon the time of students and staff

The Superintendent or designee may approve the proposed project for a period of one school year or less. To extend any project into a second school year, the researcher(s) must obtain approval from the Superintendent or designee.

Researchers shall certify that they will use no school names in the publication of findings without the approval of the Superintendent or designee.

ANIMALS AT SCHOOL

The Governing Board recognizes that animals can be an effective teaching aid. In addition, instruction related to the care and treatment of animals teaches students a sense of responsibility and promotes the humane treatment of living creatures. The only time animals are allowed on schools grounds is when they are being used for educational or service purposes.

1. Animals Brought to School for Educational Purposes:

Animals may be brought to school for educational purposes, subject to rules and precautions specified in administrative regulations related to length of visit, number of animals, health, safety and sanitation. Staff shall ensure that these rules and precautions are observed so as to protect both the students and animals. Animals brought to school are the full responsibility of the owner or person in possession of the animal. The district assumes no liability for the safety of these and any other animals voluntarily brought to school.

2. Guide Dogs, Signal Dogs, and Service Dogs at School

Pursuant to Civil Code section 54.2, individuals with disabilities, including children with disabilities have the right to be accompanied by specially trained guide dogs, signal dogs, or service dogs in all public places including schools. If the sole function of the dog is to provide emotional support, comfort, therapy, companionship, therapeutic benefits, or to promote emotional well being, it shall not be considered to be a guide dog, signal dog, or service dog. The district assumes no liability and shall not be responsible for the provision of a guide dog, signal dog, or service dog. The user of the dog is responsible for its care and conduct at all times.

Guide dogs, signal dogs, and service dogs trained to provide assistance to individuals with disabilities may be transported in a school bus when accompanied by students with disabilities, by disabled teachers, and by individuals who train such dogs.

If an individual with a disability or an authorized trainer seeks to bring a service animal other than a guide dog, signal dog, or service dog, on school property or to a school-sponsored program or activity, the principal or designee shall make the determination of whether the individual may bring the service animal on a case-by-case basis.

Before an individual may bring a guide dog, signal dog, or service dog into a classroom, the principal or designee shall first provide written notification to all parents/guardians of students in the particular class, requesting information regarding whether their child has any known allergies, asthma, or other health-related conditions that may be affected by the dog's presence in the classroom. If the principal or designee determines that a student in the particular class has a health-related condition that would be affected by the presence of the dog, the principal or designee may deny the individual's request to bring the dog into the classroom. The principal or designee may also make alternative arrangements to accommodate the individual's request.

ANIMALS AT SCHOOL (continued)

Any guide dog, signal dog or service dog brought to school by an individual with a disability shall be taken home the same day.

3. Presence of Animals on School Grounds

Other than for the purposes outlined in Sections 1 and 2 above (and with all the requirements met therein), no animals including pets may be brought on to school grounds by any individual at any time. This policy applies regardless of whether school is currently in session. If any animal that behaves aggressively or causes injury to staff or students, the animal must be immediately isolated and removed from the school premises until the situation is resolved.

IDENTIFICATION AND EDUCATION UNDER SECTION 504

The Superintendent designates the following position as the district's 504 Coordinator to implement the requirements of Section 504 of the federal Rehabilitation Act of 1973: (34 CFR 104.7)

Assistant Superintendent of Educational Services
1200 Industrial Road, Unit #9, San Carlos, CA 94070
650-508-7333

Definitions

For the purpose of implementing Section 504 of the Rehabilitation Act of 1973, the following terms and phrases shall have only the meanings specified below:

Free appropriate public education (FAPE) means the provision of regular or special education and related aids and services designed to meet the individual educational needs of a student with disabilities as adequately as the needs of nondisabled students are met, without cost to the student or his/her parent/guardian, except when a fee is imposed on nondisabled students. (34 CFR 104.33)

(cf. 3260 - Fees and Charges)

Student with a disability means a student who has a physical or mental impairment which substantially limits one or more major life activities. (34 CFR 104.3)

Physical impairment means any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal, special sense organs; respiratory, including speech organs; cardiovascular; reproductive, digestive, genito-urinary; hemic and lymphatic; skin; and endocrine. (34 CFR 104.3)

Mental impairment means any mental or psychological disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities. (34 CFR 104.3)

Substantially limits major life activities means limiting a person's ability to perform functions such as caring for himself/herself, performing manual tasks, seeing, hearing, eating, sleeping, walking, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating and working. *Major life activities* also includes major bodily functions such as functions of the immune system, normal cell growth, and digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

IDENTIFICATION AND EDUCATION UNDER SECTION 504 (continued)

Substantially limits shall be determined without regard to the ameliorative effects of mitigating measures other than ordinary eyeglasses or contact lenses. Mitigating measures include, but are not limited to, medications, prosthetic devices, assistive devices, learned behavioral, or adaptive neurological modifications which an individual may use to eliminate or reduce the effects of an impairment. (42 USC 12102; 34 CFR 104.3)

Referral, Identification, and Evaluation

Any action or decision to be taken by the district involving the referral, identification, or evaluation of a student with disabilities shall be in accordance with the following procedures:

1. A parent/guardian, teacher, other school employee, student success team, or community agency may refer a student to the principal or 504 Coordinator for identification as a student with a disability under Section 504.

(cf. 6164.5 - Student Success Teams)

2. Upon receipt of any such referral, the principal, 504 Coordinator, or other qualified individual with expertise in the area of the student's suspected disability shall consider the referral and determine whether an evaluation is appropriate. This determination shall be based on a review of the student's school records, including those in academic and nonacademic areas of the school program; consultation with the student's teacher(s), other professionals, and the parent/guardian, as appropriate; and analysis of the student's needs.

If it is determined that an evaluation is unnecessary, the principal or 504 Coordinator or qualified designee shall inform the parents/guardians in writing of this decision and of the procedural safeguards available, as described in the "Procedural Safeguards" section below.

3. If it is determined that the student needs or is believed to need special education or related services under Section 504, the district shall conduct an evaluation of the student prior to his/her initial placement. (34 CFR 104.35)

Prior to conducting an initial evaluation of a student for eligibility under Section 504, the district shall obtain written parent/guardian consent.

The district's evaluation procedures shall ensure that the tests and other evaluation materials: (34 CFR 104.35)

- a. Have been validated and are administered by trained personnel in conformance with the instruction provided by the test publishers

IDENTIFICATION AND EDUCATION UNDER SECTION 504 (continued)

- b. Are tailored to assess specific areas of educational need and are not merely designed to provide a single general intelligence quotient
- c. Reflect the student's aptitude or achievement or whatever else the tests purport to measure rather than his/her impaired sensory, manual, or speaking skills, except where those skills are the factors that the tests purport to measure

Section 504 Services Plan and Placement

Services and placement decisions for students with disabilities shall be determined as follows:

1. A multi-disciplinary 504 team shall be convened to review the evaluation data in order to make placement decisions.

The 504 team shall consist of a group of persons knowledgeable about the student, the meaning of the evaluation data, and the placement options. (34 CFR 104.35)

In interpreting evaluation data and making placement decisions, the team shall draw upon information from a variety of sources, including aptitude and achievement tests, teacher recommendations, physical condition, social or cultural background, and adaptive behavior. The team shall also ensure that information obtained from all such sources is documented and carefully considered and that the placement decision is made in conformity with 34 CFR 104.34. (34 CFR 104.35)

2. If, upon evaluation, a student is determined to be eligible for services under Section 504, the team shall meet to develop a written 504 services plan which shall specify the types of regular or special education services, accommodations, and supplementary aids and services necessary to ensure that the student receives FAPE.

The parents/guardians shall be invited to participate in the meeting and shall be given an opportunity to examine all relevant records.

(cf. 5141.21 - Administering Medication and Monitoring Health Conditions)

(cf. 5141.22 - Infectious Diseases)

(cf. 5141.23 - Asthma Management)

(cf. 5141.24 - Specialized Health Care Services)

(cf. 5141.26 - Tuberculosis Testing)

(cf. 5141.27 - Food Allergies/Special Dietary Needs)

IDENTIFICATION AND EDUCATION UNDER SECTION 504 (continued)

3. If the 504 team determines that no services are necessary for the student, the record of the team's meeting shall reflect whether or not the student has been identified as a disabled person under Section 504 and shall state the basis for the determination that no special services are presently needed. The student's parent/guardian shall be informed in writing of his/her rights and procedural safeguards, as described in the "Procedural Safeguards" section below.
4. The student shall be placed in the regular educational environment, unless the district can demonstrate that the education of the student in the regular environment with the use of supplementary aids and services cannot be achieved satisfactorily. The student shall be educated with those who are not disabled to the maximum extent appropriate to his/her individual needs. (34 CFR 104.34)
5. The district shall complete the identification, evaluation, and placement process within a reasonable time frame.
6. A copy of the student's Section 504 services plan shall be kept in his/her student record. The student's teacher(s) and any other staff who provide services to the student shall be informed of the plan's requirements.

If a student transfers to another school within the district, the principal or designee at the school from which the student is transferring shall ensure that the principal or designee at the new school receives a copy of the plan prior to the student's enrollment in the new school.

(cf. 5125 - Student Records)

Review and Reevaluation

The 504 team shall monitor the progress of the student and, at least annually, shall review the effectiveness of the student's Section 504 services plan to determine whether the services are appropriate and necessary and whether the student's needs are being met as adequately as the needs of nondisabled students. In addition, each student with a disability under Section 504 shall be reevaluated at least once every three years.

A reevaluation of the student's needs shall be conducted before any subsequent significant change in placement. (34 CFR 104.35)

(cf. 5144.1 - Suspension and Expulsion/Due Process)

(cf. 5144.2 - Suspension and Expulsion/Due Process (Students with Disabilities))

IDENTIFICATION AND EDUCATION UNDER SECTION 504 (continued)

Procedural Safeguards

The Superintendent or designee shall notify the parents/guardians of students with disabilities of all actions and decisions by the district regarding the identification, evaluation, or educational placement of their children. He/she also shall notify the parents/guardians of all the procedural safeguards available to them if they disagree with the district's action or decision, including an opportunity to examine all relevant records and an impartial hearing in which they shall have the right to participate. (34 CFR 104.36)

(cf. 6159.1 - Procedural Safeguards and Complaints for Special Education)

If a parent/guardian disagrees with any district action or decision regarding the identification, evaluation, or educational placement of his/her child under Section 504, he/she may request a Section 504 due process hearing within 30 days of that action or decision.

Prior to requesting a Section 504 due process hearing, the parent/guardian may, at his/her discretion, but within 30 days of the district's action or decision, request an administrative review of the action or decision. The Coordinator shall designate an appropriate administrator to meet with the parent/guardian to attempt to resolve the issue and the administrative review shall be held within 14 days of receiving the parent/guardian's request. If the parent/guardian is not satisfied with the resolution of the issue, he/she may request a Section 504 due process hearing.

Section 504 due process hearing shall be conducted in accordance with the following procedures:

1. The parent/guardian shall submit a written request to the Coordinator within 30 days of receiving the district's decision or, if an administrative review is held, within 14 days of the completion of the review. The request for the due process hearing shall include:
 - a. The specific nature of the decision with which he/she disagrees
 - b. The specific relief he/she seeks
 - c. Any other information he/she believes is pertinent to resolving the disagreement
2. Within 30 days of receiving the parent/guardian's request, the Superintendent or designee and 504 Coordinator shall select an impartial hearing officer. This 30-day deadline may be extended for good cause or by mutual agreement of the parties.

IDENTIFICATION AND EDUCATION UNDER SECTION 504 (continued)

3. Within 45 days of the selection of the hearing officer, the Section 504 due process hearing shall be conducted and a written decision mailed to all parties. This 45-day deadline may be extended for good cause or by mutual agreement of the parties.
4. The parties to the hearing shall be afforded the right to:
 - a. Be accompanied and advised by counsel and by individuals with special knowledge or training related to the problems of students with disabilities under Section 504
 - b. Present written and oral evidence
 - c. Question and cross-examine witnesses
 - d. Receive written findings by the hearing officer stating the decision and explaining the reasons for the decision

If desired, either party may seek a review of the hearing officer's decision by a federal court of competent jurisdiction.

Notifications

The Superintendent or designee shall ensure that the district has taken appropriate steps to notify students and parents/guardians of the district's duty under Section 504. (34 CFR 104.32)

(cf. 5145.6 - Parental Notifications)

He/she shall monitor and regularly report to the Board regarding program implementation and the progress of students in meeting related academic standards.

TITLE I PROGRAMS

In order to improve the academic achievement of students from economically disadvantaged families, the district shall use federal Title I funds to provide supplementary services that reinforce the core curriculum and assist students in attaining proficiency on state academic standards and assessments.

(cf. 5149 - At-Risk Students)

(cf. 6011 - Academic Standards)

(cf. 6162.5 - Student Assessment)

(cf. 6162.51 - Standardized Testing and Reporting Program)

The Superintendent or designee shall provide technical assistance and support to any school participating in the Title I program, including consultation in the development and implementation of school plans and activities. (20 USC 6312)

(cf. 0420 - School Plans/Site Councils)

The district and each school receiving Title I funds shall develop a written parent involvement policy in accordance with 20 USC 6318.

(cf. 6020 - Parent Involvement)

Local Educational Agency Plan

The Superintendent or designee shall consult with teachers, principals, administrators, other appropriate school personnel, and parents/guardians of participating students in the development, periodic review, and, as necessary, the revision of a local educational agency (LEA) plan. The plan and any revisions shall be submitted to the Governing Board for approval. (20 USC 6312)

The plan shall address the components specified in 20 USC 6312, which describe the assessments, strategies, and services the district will use to help low-achieving students meet challenging academic standards.

The initial plan shall be submitted to the California Department of Education (CDE) and approved by the State Board of Education. Subsequent revisions of the plan shall be kept on file in the district.

Comparability of Services

State and local funds used in schools receiving Title I funds shall provide services that, taken as a whole, are at least comparable to services in schools that are not receiving Title I funds or, if all district schools are receiving Title I funds, that are substantially comparable in each school. Comparability may be determined on a school-by-school basis or by grade span. (20 USC 6321)

TITLE I PROGRAMS (continued)

To demonstrate comparability of services among district schools:

4. All district schools shall be provided with the same level of base funding per student for curriculum and instructional materials.
5. The Superintendent or designee shall maintain records of the quantity and quality of instructional materials and equipment at each school.

(cf. 6161.1 - Selection and Evaluation of Instructional Materials)

The Superintendent or designee shall consult, in a meaningful and timely manner, with appropriate private school officials during the design and development of the district's Title I programs. Such consultation shall occur before the district makes any decision that affects the opportunities of eligible private school students to participate in Title I programs and shall include a discussion of: (20 USC 6320, 7881; 34 CFR 200.63)

1. How the needs of private school students will be identified
2. What services will be offered
3. How, where, and by whom the services will be provided
4. How the services will be academically assessed and how assessment results will be used to improve those services
5. The size and scope of the equitable services to be provided to private school students and the proportion of funds that is allocated for such services
6. The method or sources of data that are used to determine the number of students from low-income families in participating school attendance areas who attend private schools
7. How and when the district will make decisions about the delivery of service to such students, including a thorough consideration and analysis of the views of private school officials on the provision of services through a third-party provider
8. How, if the district disagrees with the views of private school officials on the provision of services through a third-party provider, the district will provide to private school officials a written analysis of the reasons that the district has chosen not to use a contractor

TITLE I PROGRAMS (continued)

Meetings between district and private school officials shall continue throughout implementation and assessment of services. (20 USC 6320)

The district shall provide transportation for a homeless student to and from his/her school of origin when the student is residing within the district and the parent/guardian requests that such transportation be provided. If the student moves outside of district boundaries, but continues to attend his/her school of origin within this district, the Superintendent or designee shall consult with the superintendent of the district in which the student is now residing to agree upon a method to apportion the responsibility and costs of the transportation. The student may continue attending his/her school of origin for the duration of the homelessness or, if the student moves into permanent housing, until the end of any academic year in which he/she moves into permanent housing. (42 USC 11432)

In the case of an unaccompanied youth, the liaison shall assist in placement or enrollment decisions, consider the views of the student, and provide notice to the student of his/her appeal rights. (42 USC 11432)

When making a placement decision for a homeless student, the Superintendent or designee may consider the age of the student, the distance of the commute and the impact it may have on the student's education, personal safety issues, the student's need for special instruction, the length of anticipated stay in the temporary shelter or other temporary location, likely area of future housing, school placement of siblings, and the time remaining in the school year.
