

MEMORANDUM OF UNDERSTANDING

2015-2016

I. Purpose

This Memorandum of Understanding (MOU) formalizes the relationship between Sequoia Healthcare District and the San Carlos School District in the delivery of Coordinated School Health (CSH) policies and programs. We expect CSH to reduce health risks among youth, especially those risks that lead to chronic diseases. Schools in which the mental, social, and physical health of students is protected have been able to significantly increase achievement.

II. Parties

San Carlos School District, a public school district located in San Carlos, California and Sequoia Healthcare District, a governmental entity in Redwood City, California.

III. Period of Agreement

Sequoia Healthcare District intends to fund this second year of a two year grant agreement which began July 1, 2014. The period of this agreement is July 1, 2015 through June 30, 2016 and reflects a funding update. Sequoia Healthcare District may reduce or eliminate the intended funding if (1) SHD's directors decline to collect property taxes for either of the two years in the funding cycle, (2) a significant portion of SHD's property tax revenues are borrowed or otherwise taken by the State

of California, or (3) SCSD fails to fund positions or programs described in this MOU, does not provide timely reports as required, or otherwise fails to substantially comply with its obligations under this MOU. This MOU is not intended to replace or supersede any other existing agency agreements or MOU's.

IV. Common Objective

School health services play a vital role in the academic outcomes of students. Sequoia Healthcare District and San Carlos District have, as a common objective, the effective and efficient coordination of school based health programs and services to students and staff. Administrative and professional staff at the school district and SHD shall cooperate on the implementation of this MOU.

This MOU will formalize and define collaboration and implementation of the following Coordinated School Health Model **year 6** overarching goals and objectives:

Goal I: Engage teachers, parents, students, and the community in promoting health-enhancing behaviors and better health through professional development, parent education, and health curriculum in the classroom.

Goal II: Help enable schools to increase physical activity opportunities for students, develop wellness programs for teachers and staff, implement school wide promotional campaigns encouraging healthy diets, and ensure that students have appealing, healthy choices in foods and beverages offered outside of the school meals program.

Goal III: Network with other school communities and wellness coordinators to share best practices.

Goal IV: Increase family and community involvement at each school site.

Goal V: Use data to make necessary modifications and use best practices to cultivate and expand program.

Goal VI: Design programs to assure positive changes are sustained.

V. Staffing Plan and Program Contracts

Sequoia Healthcare District will contribute funds toward the following staff positions through the Healthy Schools Initiative cooperative agreement.

- Wellness Coordinator (funding fully supports one .8 FTE)
- District Nurse (funding supports .5 of a .9 FTE)
- Middle School Counselor (funding supports 1 of 2 counselors, each working 1.0 FTE)
- Elementary School Counselors (funding supports 1.5 FTE 2 counselors, each working .75 FTE at two elementary schools)

San Carlos School District is responsible for advertising, interviewing, and filling these positions. Contractual agreements will be made through the school district. The amount of funding allocated for each professional level position includes salary and benefits. Funds offered to staff above and beyond allocated amount will be paid by school district.

All staff supported through the Healthy Schools grant will share in the responsibilities for attaining the goals and objectives outlined in the program proposal. Input from relevant staff will be sought in the implementation and evaluation of this program.

The district Wellness Coordinator will oversee all aspects and phases of the project implementation and operations and will collaborate with school district administration and staff and staff at Sequoia Healthcare District.

Sequoia Healthcare District will also provide funding directly to SCSD to the help support the following services and programs that augment the efforts of the Healthy Schools Initiative:

- Health Connected
- Elementary PE (Legarza)
- Staff Development, supplies and discretionary expenses (including conferences & training)
- Good2Go! Family Fun & Wellness Fair (conditional upon location)

VI. Distribution of Functions

San Carlos School District will hire key staff and work with all school staff to implement and support specific modules of the Coordinated School Health model. Additionally, the school district wellness committee made up of volunteer members including parent leaders, community partners and other school health advocates share the common goal of supporting school wellness programs.
